50 CENTS PER MONTH

ZIMMERMANN IN HINDU CONSPIRACY, HINT

'MASTER MIND' IN GIANT PLOT OF GERMANS NEAR ARREST

World-wide Conspiracy Bared As Detectives Probe Various Angles

NEW SENSATIONS IN CASE ARE PROMISED

Federal Grand Jury Launches Investigation of Two Accused in N. Y.

WASHINGTON, March 8.—It was today officially learned that German agents bribed the officers and crews of two Peruvian submarines to raid allied shipping in the Pacific. The arrest of a German on a Chilean steamer by British authorities revealed the plot before it was executed. Information here indicates that the Germans hoped to use Hindus in canal in case of war, hoping thereby to cripple America.

NEW YORK, Mar. 8.—Documentary evidence, purporting to show that German Foreign Secretary Zimmermann approved plans and recommended financial aid for Dr. Chakrabarty, and Dr. Sekunna, arrested in connection with the alleged Hindu revolutionary plot, will be presented to the federal grand jury, according to German officials today.

NEW YORK, Mar. 8.—As a Federal grand jury began today to probe the activities here of Dr. Chandra Chakrabarty and Dr. Ernest Sokunna, secret service agents throughout the country were believed to be rapidly closing in on the "master mind," who is believed to be operating from 76 Wilhelmstrasse, Berlin, secret service headquarters.

Revelations to secret service agents here and in Washington indicate that there is fast coming to light a plot which stretched its mysterious tentacles into Mexico, Cuba, the Philippines and wrapped themselves around the Panama Canal. Sensational disclosures are expected soon when a new arrest is made. Identity of the man now under surveillance has not been disclosed, but his arrest is expected to be a profoundly surprising disclosure.

Code Messages Bared
Papers taken from among the effects of the Hindu and German now held in New York revealed to secret service officials code messages from 76 Wilhelmstrasse and mentioned addresses in Petrograd and Paris, indicating, it is believed, that these addresses, presumably of agents for the Hindu's "nerve pills" were really notations of German agents' headquarters.

A communication signed by Chin, the mysterious Chinaman who was to have directed a plot in China to smuggle arms and munitions to India, was found.

Copies of speeches by William J. Bryan, delivered more than two years ago, and extracts from utterances from Robert L. La Follette, bearing on British rule in India, are believed to be harmless, but they point, it is said, to the almost unbelievable lengths to which native Indians are willing to go to stir up revolt against Great Britain.

NATIONAL PLOT TO INVADE INDIA BARED

SAN FRANCISCO, Mar. 8.—Evidence of a nation-wide conspiracy, originating among San Francisco Hindus, to invade India by way of China will be submitted by United States District Attorney Preston to the Federal grand jury, it was learned today. The evidence was gathered during a two-months' investigation.

Ram Chandra, editor of the Hindu-Gadgar, was named by Preston as having had knowledge of the conspiracy. Preston said he did not know of any connection between this plot and the one unearthed in New York.

Ram Chandra denied any such plot was hatched here. He declared he had confidential advices from Washington that notice had been served upon the United States by the allies that this country would be expected to pay damages if India revolutions were plotted in America.

He said that the Hindus here were anxious to see India released from British rule, but were not the originators of the plot.

U. S. ENVOY DEAD
PITTSBURGH, March 8.—Ambassador George Guthrie is dead in Tokyo, according to a cablegram here today.

Postage stamps are sold in nearly all the cigar shops of Fr. nce.

SANTA ANANS TELL BELIEFS ON CITY'S MOST VITAL NEEDS

Response to the suggestion of the Register that Santa Anans send in their views regarding what they considered Santa Ana's greatest needs brought out some interesting opinions.

The Register's suggestion stimulated thought and resulted in many discussions that are certain to prove of help in the matter of community up-building.

Four of those who sent in their views believe that a tourist hotel is what is most necessary for the city. Two gave it as their opinion that public lavatories should be installed.

The suggestions received by the Register follow:

E. S. GILBERT—You've heard it before, but Santa Ana's biggest need is a good tourist and commercial hotel with a lawn, lobby and all of those things. The right kind of a hotel would make a big city out of Santa Ana in ten years. I stand ready to do my part to get one.

R. L. TEDFORD—A fine hotel for a social center for tourists, as well as for the entire community.

GEORGE C. ROY—In my opinion, if Santa Ana wishes to be a progressive and prosperous city and a credit to the wonderful locality in which it is situated, immediate steps should be taken to secure available plots in various parts of the city, such as the Geo. W. Ford ranch, the vacant property on Broadway just south of the A. C. Twist residence, the vacant square bounded on the north by Wellington avenue and some square south of the High School and that a park system should be laid out worthy of the city into which Santa Ana is rapidly developing.

At no distant day it will be too late to secure such plots as these and when that time comes wishing we had them will be vain.

It is not so long ago that our city authorities refused a gift from the Henninger Bros. of a square for a park on the south side if they would put in the street improvements, if I remember correctly. It is too late to get it now.

Parks are as important and as worthy of a \$100,000 subscription fund as manufacturing enterprises.

C. W. McNAUGHT—Santa Ana needs more loyalty to its home interests by its citizens, and also more loyalty from those who reside in the territory tributary to Santa Ana. Their interests are mutual.

Proselytism by outside commercial propagandists is rife in our midst and our people "fall for it." Every dollar that goes to Los Angeles or to Sears & Roebuck, Chicago, is lost to Santa Ana and Orange County for all time to come. At the risk of being deemed ungallant, I must accuse the gentler sex—who are also the purchasing sex—as being the worst offenders along the lines of commercial disloyalty. Distance seems to enhance the quality—and always the price, of commodities. Mashed potatoes as a side dish in a Santa Ana restaurant, gratis with meat orders, does not seem as inviting as does "Pomme de Terre" at 30 cents per item at the Alexandria in the city. You can always get just as good values in Santa Ana as in the large cities, and most always at less cost.

C. A. GUSTLIN—I believe the crying need of Santa Ana to be an up-to-date equipped Y. M. C. A. In such a city of churches it is quite impossible to understand why a united effort has never been made to provide so invaluable an institution. It seriously reflects on the far-sightedness and progressiveness of the community as a whole in a matter of such moral and spiritual importance.

H. LEIPSIK—A new hotel of seventy-five or one hundred rooms, where we, the people who come here, can be held long enough to show them what we have. This applies particularly to those who are seeking industrial sites.

MRS. GEORGE BALDERSTON—An attractive bungalow hotel. Many tourists who now pass through would stop here.

MRS. OLIVE LOPEZ—While it may not be Santa Ana's greatest need, a Pacific Electric waiting room down town is certainly a crying want. Why not the room at 109 East Fourth street, an ideal location?

J. G. MORROW—Santa Ana Produce Company—Every resident of Santa Ana should make it a point to refer to the winds which sweep down through the Santa Ana canyon as desert winds. They are generally known as "Santa Anas" and because of this our city is often referred to by tourists who are not acquainted with the conditions as "the place that has those awful winds." During a recent visit to Riverside, Redlands, Beaumont, Hemet and Pomona, during a wind storm I heard residents of those sections refer to the blow as a "Santa Ana wind." The storm originates on the desert and there is more justification for calling it a "Riversider," than there is for calling it a "Santa Ana."

While riding on a street car in Los Angeles a few months ago, I overheard two women discussing a strong wind blowing there at that time, and one of them referred to it as a "Santa Ana." The other wanted to know what a Santa Ana wind was and was informed that Santa Ana was a little town about thirty-five miles from Los Angeles where an awful wind originated that often reached Los Angeles.

ONE WHOSE NAME WAS NOT GIVEN—A good college.

T. D. KNIGHTS—Street signs at every corner are among our needs.

A CITIZEN—Public lavatories.

MRS. M. JEANIE TAYLOR—In response to invitation for ideas benefiting Santa Ana, I will suggest a cotton factory manufacturing muslins, sheetings, etc. This might lead to a second for making ladies' muslin underwear. We have the cotton in the state. Why not the factories?

If suitable clays are found in our vicinity, coarse pottery, such as jars, jugs, etc. A factory in the west would save heavy freights.

As beans are raised in quantity here, why not a mill for putting up bean meal for soups, a commodity used by navy and army.

MRS. GEO. V. COURTS—Whatever Santa Ana's GREATEST need may be, she has one need, in common with most other communities, that I feel impelled to mention. And that need is the honesty which makes people pay their grocery bills before spending their money on picture shows and in other forms of indulgence. Honesty and thrift beget a mentality that expresses itself in enterprise.

E. A. WHITE—A public lavatory at the junction of Main and Fourth, or near that point.

4 BURN TO DEATH, 56 FLEE AS FIRE LEVELS POOR HOUSE IN IOWA

BOONE, Iowa, March 8.—One aged woman and three men, all inmates of the Boone county poor house, eight miles north of here were burned to death in a fire which destroyed the structure at 10 o'clock last night. Fifty-six other inmates narrowly escaped in their night clothing.

There was no fire protection at the institution and the Boone fire department was not called. Superintendent Heedwell of the poor farm aided by employees, succeeded in getting all to safety except the four aged persons on the third floor, who lost their lives.

The dead are: Mrs. Oberg, Peter Peterson, Allen, and an unidentified man.

FIRE FIGHTER HURT, DAMAGE HUGE AS S. F. POTTERY PLANT BURNS

SAN FRANCISCO, Mar. 8.—The plant of the Stoger Terra Cotta Pottery Company, at South San Francisco, was totally destroyed by fire today.

The property damage will be very heavy, according to early reports. One fireman was injured.

BILL PROVIDING FOR PLUMBERS' EXAMS HAS PASSED CAL. ASSEMBLY

SACRAMENTO, Mar. 8.—A bill providing for the examination and certification of plumbers was passed in the 1915 session of the Legislature, but was vetoed by Governor Johnson because it created an expensive commission to carry out the provisions.

In this session Assemblyman Phillips has introduced the same kind of a bill but it provides only for a single person to attend to its administration. The bill has passed the Assembly.

FUND LACK BLOCKS FOOD PRICE PROBE

WASHINGTON, March 8.—Lack of funds will prevent the federal trade commission from undertaking the food cost investigation the President ordered, it was learned today.

JOE WOODS COACHES
NEW ORLEANS, Mar. 8.—Owner Duna of the Indians bought Joe Wood's brains as well as his right arm when he paid out that fifteen thousand. Every day Wood warms up alongside a youngster and coaches the bud carefully. Joe's making a hit with the Indians.

BRITISH PREMIER GALE CENTER IN IRISH HOME RULE CRISIS

Lloyd-George Faces Opposition First Time Since He Became Leader

LONDON, Mar. 8.—Members of the Irish party who forced the Home Rule issue in Commons, today issued a manifesto, asking Irish Americans and Americans generally to aid the movement and pleaded for pressure on England for an application to Ireland of the principle of self-government which President Wilson advocated in his peace speech.

LONDON, Mar. 8.—For the first time since he assumed the premiership, Lloyd George today faced a bitter minority of opposition in the House of Commons. Exactly how far that minority will go in its opposition was expected to be decided today.

The division, long expected, comes over the Irish home rule question. Yesterday's debate in the House of Commons was the most bitter in months. It resulted in formal withdrawal from the sitting of the Irish Nationalists as a protest against the form of settlement of the perplexing question suggested by the premier—that home rule could be had by any part of Ireland desiring it, but that coercion would not be employed to force Ulster's acquiescence.

The Irish Nationalists were to meet today in conference. The greatest interest attached to their decision as to a future policy. Speculation on what the party members would vote ranged from predictions that they would formally withdraw from the House to guesses that they would continue in Commons, but adopt a policy of active opposition to Premier Lloyd-George in an attempt to force a general election.

Several London newspapers, commenting on the situation which the premier now faces in the Irish situation, deplored his statement of government policy yesterday as one calculated to arouse opposition, and attacked John Redmond, Irish leader, for his attitude.

SOCIETY MATRON WHO SHOT S. F. MERCHANT AGAIN FACES COURT

REDWOOD CITY, Mar. 8.—Mrs. A. W. Pike, Redwood society matron, must appear today for the second time in court, for shooting Frank S. Stallman, San Francisco business man, who was picking red berries on her place.

"Why the indictment," was the query of the well-known woman when the papers were served on her. "This charge has once been dismissed in the justice's court."

Her anger did not subside when she was told that the grand jury had again taken action against her by returning another indictment.

CUBA REVOLT ENDS; DEATH SENTENCES FOR PLOTTERS EXPECTED

HAVANA, Mar. 8.—The revolution in Cuba recently ended. Capture of ex-President Jose Miguel Gomez and his entire staff, leaders of the insurgents, was expected today to be followed by sentence of death on these conspirators.

At the same time, there were reports current here that the remnants of the rebels in Camaguey had been forced to capitulate.

Havana gave itself over to jubilation today at the coup. Last night the city rang with gaiety, celebrating the government's battle by which Gomez was captured—officially stated to have been one of the biggest in the history of Cuba.

BEGIN SERIES

LOS ANGELES, Mar. 8.—The Angels and Cubs this afternoon begin a three-game series at Washington Park. Manager Chance is getting his Angel squad into one shape. Young pitchers will be sent against the invaders first.

TO PATROL BORDER

YUMA, March 8.—A Carranza force today is reported to have left Sonora to patrol the border south of here, presumably relieving Cantu's cavalry.

17 REPORT

HOT SPRINGS, Ark., Mar. 8.—Sixteen ball players and Wilber Robinson reached here today from Brooklyn.

TIGERS BEAT CUBS

PASADENA, Mar. 8.—Twice a wild and weird game that broke the Cubs' winning streak when the "Firebrand" Vernon Tigras raked a 14 to 9 victory out of the Bruins.

Teutons In Mexico Play Villa Against Carranza, Is Claim

BY WEBB MILLER, UNITED PRESS STAFF CORRESPONDENT

LAREDO, Tex., Mar. 8.—Germany is playing Villa against Carranza. Great sums of German money are pouring into the bandit leader's hands, inciting him to activity against the United States and against Carranza while at the same time German agents work through officials of the Carranza government seeking to align that side against the United States.

Just back from a trip into the interior of Mexico, I can state these facts on the highest authority.

Agents of the German government in Mexico approached Francisco Villa at his headquarters at Bustillo's ranch, about February 12, with a proposition to renew his raids on the border in case of a declaration of war between the United States and Germany. Two German agents reached the bandit leader. The conference extended over two days.

At first Villa demurred against any attack on the border, in force, under any circumstances. At length an agreement was reached that in case of war Villa would send small bands, as unattached bands, to operate at widely separated points along the international line and to make sporadic forays to harass American troops.

Under the terms of the agreement, the German agents promised to pay Villa 500,000 pesos (\$250,000) in gold at once to seal the compact. He refused to enter into the plot until the first payment was handed over. They agreed to pay a large amount each month thereafter in case of war, to enable Villa to pay his men, secure ammunition and build up his shattered forces for a campaign.

After orders from Foreign Secretary Zimmermann reached Mexico City for an attempt to arrange an alliance with Mexico and Japan, the Villa scheme was one of the first moves. One secret agent was sent north from the capital to San Luis Potosi, where he met another. From Parral both traveled horseback to Bustillo's ranch, about forty miles west of Chihuahua City. At this point Villa was making his headquarters at that time.

Among officials in Mexico rumors are afloat that two government officials in the first chief's immediate circle of influential men were co-operating directly with German agents. One of the newspapers in the capital is said to be under subsidy to the Germans to print news from the German angle. In other ways German money and influence are at work to sway the actions of the de facto government. Such efforts are rendered comparatively easy by the cross-currents of jealousy and ambition of the different military and political leaders.

Stringent military censorship at all the cable and telegraph offices in Mexico prevents the sending of any dispatches not approved by the government.

ENGLAND'S WAR COUNCIL RAPPED BY LONE DIVER

LONDON, Mar. 8.—The British war council which decided upon the Dardanelles campaign "failed adequately to investigate the availability of troops with which the joint naval and military attack could be undertaken," according to formal report of the Dardanelles commission issued today.

The report did not spare even the late Lord Kitchener, England's idol. "Lord Kitchener," it declared, "did not sufficiently utilize the services of the general staff, resulting in confusion and lack of efficiency."

"Mr. Winston Churchill's advocacy of a purely naval attack was based on a certain amount of half-heard, hesitating expert opinion," the report continued, "the practicability of which was apparently not directly supported or directly opposed by such responsible naval and military advisers as Lord Fisher or Sir James Murray."

\$60,000 NEEDED FOR FIXING WHITE HOUSE FURNISHINGS LACKING

WASHINGTON, March 8.—New rugs, furniture, china and redecorating of the White House, said to be badly needed, must await congressional action as the \$60,000 for such purposes, included in the sundry bill which has failed of passing, is necessary for renovating the White House and fixing the sets of china for state dinners.

TWO NEW DISTRICT APPEAL COURTS ARE SOUGHT FOR CALIF.

SACRAMENTO, Mar. 8.—Constitutional amendment is introduced in the Legislature to provide for two additional district courts of appeal in California. The present courts are at San Francisco, Los Angeles and Sacramento.

WAY TO PASSAGE OF LIMITED DEBATE BILL HELD EASY

Senate Leaders Anticipating No Trouble In Putting Lid On Filibusters

WILSON, ILL., DELAYS SHIP ANNOUNCEMENT

Orders to Daniels, However, Will Not Be Delayed Long, Belief

WASHINGTON, Mar. 8.—The cloture amendment, providing for a two-thirds vote to limit debate was today passed by the Senate by a vote of 76 to 3, Sherman, Gronna and La Follette voting against it.

WASHINGTON, Mar. 8.—President Wilson is confined to his bed today with an aggravating cold.

Upon orders of his physician, Dr. Cary T. Grayson, he made no engagements for the day and planned to remain in bed.

Assurance is given that the President's cold has developed no complications and is not serious, but that every care is deemed necessary in order to enable him to be quickly cured and at his work again.

Dr. Grayson said that the President's temperature is about normal and that he probably would remain in bed several days.

WASHINGTON, Mar. 8.—Senator Hollis today offered an amendment to the cloture amendment making it possible for a majority instead of two-thirds to limit debate.

WASHINGTON, Mar. 8.—Senate leaders anticipated today a comparatively easy task ahead in passing the proposal to shut off unlimited debate such as killed the armed neutrality bill.

The united support of Republicans and Democrats insured early passage and leaders today predicted that scarcely longer than a week will be necessary to shatter the Senate traditions and make deadly filibusters a thing of the past.

While an incipient filibuster may delay proceedings, the opposition to the change President Wilson asks is so small as to make any such move short-lived.

Only Senator Sherman and Senator France are openly recorded in caucuses in opposition to the cloture plan. Two men cannot last long on a filibuster except in the closing days of a session; and even if they were to have the support of La Follette, Gronna and others, they could not now thwart the will of the Senate.

Officials Wait
Officialdom today awaits what President Wilson has to say or do on arming merchantmen. His doctors orders "that he shall work little, if any, now because of his cold. This may prevent him, however, from framing his course at once.

Opposition to retaining Senator Stone in a foreign relations committee chairmanship still runs high. But today there is less open indication of a real fight against him than there was yesterday. "Senatorial courtesy" has much to do with this. Members openly say the ancient institution probably will halt any move to oust Stone—one of the twelve who blocked the armed neutrality bill.

Fear of a party fight at a time when solidarity is needed actuates many in refusing to start an organized fight against Stone.

Though President Wilson's illness delayed announcement of his decision on arming merchantmen, there is increased evidence, however, that the orders to Secretary Daniels for immediate arming will not be postponed long. Some, however, believe that the President would rather call an extra session so there could be no doubt of his course.

President Wilson is tired from the trying weeks since the German break. He may be in bed several days.

PATRIOTISM BRINGS RECORD ENLISTMENTS, 4,852 IN FEBRUARY

WASHINGTON, March 8.—Patriotism, stirred by international development was credited by the war department today as the reason behind February record recruiting figures—4,852 men.

This figure will be swelled by field enlistments and re-enlistments at posts and stations.

ORANGE ROUTED BY POLY 6 TO 2 AS POTTER IS HAMMERED

'Blondy' Morrison Pitches First Class Ball Game For Smith's Men

It was simply a case of two much Morrison last night when Poly's ball squad tackled Orange in the enemy's lair. The score was 6 to 2. The big blonde right-hander was in tip-top form and the team that gave the locals a trouncing last week was distinctly out of luck. Fourteen of the enemy took healthy pokes at the atmosphere, only four were able to garner anything that even resembled a safe hit and the same number worked "Blondy" for free tickets to first.

With Morrison going right, the locals got together and pounded Potter, the opposing gunner, all over the lot. Holzgrafe connected safely thrice, Vanderlip and Morrison twice and Raney, Friend and Bryan once each.

The score follows:

SANTA ANA	AB	R	H	P	O	A	E
Raney, cf	2	1	1	0	0	0	
Friend, lf	4	1	0	0	0	0	
Vanderlip, ss	4	2	2	2	1	1	
Holzgrafe, c	3	1	3	1	4	0	
Bryan, 2b	4	1	1	2	1	0	
Tyrell, 3b	3	0	0	0	0	1	
Ober, 1b	4	0	0	5	0	5	
Burke, rf	4	0	0	1	0	0	
Morrison, p	2	0	2	0	0	0	
Wicks, lf	0	0	0	0	0	0

Summary
Two-base Hits—Farrar, Holzgrafe, Stolen Bases—Farrar (3), Morrison, Bustillos, Vanderlip, Holzgrafe.
Bases on Balls—Off Potter, 2; off Morrison, 4.
Struck Out—By Morrison, 14; by Potter, 9.
Hit by Pitcher—Raney, Holzgrafe, Sacrifice Hit—Tyrell.

Baseball Chieftain "Shorty" Smith is planning to give the Sherman Indians a warm reception when they move into sight for a tussle with Santa Ana this coming Saturday. This does not mean that there will be banquets and such for the Redmen but merely a real game. Burke, the kid heaver, will do the flinging and is just about due to clean up. If he gets any kind of backing he is a wonder and the team expects to give him that backing day after tomorrow.

PACIFIC COAST FISH TO AID IN EASING N. Y. FOOD SHORTAGE

NEW YORK, March 8.—Forty tons of smelt today arrived here from the Pacific coast. The fish will be put on sale by the mayor's food committee.

LAME EVERY MORNING

A Bad Back Is Generally Worse in the Morning. Santa Ana People Are Finding Relief

—A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

You can't get rid of kidney backache until you reach the cause—the kidneys. Doan's Kidney Pills are especially prepared for weakened or disordered kidneys—have been gratefully recommended by thousands.

Testimony of Santa Ana people proves the merit of Doan's.
W. S. Lindsey, retired farmer, 1114 East Fourth street, Santa Ana, says: "Some time ago my back gave out. Mornings I could hardly get out of bed, because every time I tried to move a sharp pain caught me in the small of my back. The action of my kidneys was too frequent and the kidney secretions unnatural. I had dizzy spells so bad I came near falling over at times. Doan's Kidney Pills relieved the backache and I felt better in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Lindsey had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Sick—but your check coming in regularly; NO need to worry if you

AETNA-IZE

We cannot make your clothes hurriedly—our tailoring is not done in this manner.

The newest fabrics are here. Select while the assortment is complete.

Easter Suits Tailored to Your Measure

\$25 up

LUTZ & CO. 120 West Fourth St.

YELLOW WILL BE THE COLOR ON SATURDAY

Orange Granite
2 cups Southern California orange pulp.
1/2 cup sugar.
2 tablespoons Southern California lemon juice.
Pare oranges, removing white membrane with peel; cut in small pieces, add sugar and lemon juice, and freeze, using one part salt to three parts ice in freezing. May be served with meat course, if desired.

Orange Caramel
6 Sunkist oranges.
1/2 cup sugar.
1/2 cup water.
1/2 cup cream.
Pistachio nuts.
Pare Sunkist oranges, removing membrane with peel, and cut crosswise in slices. Put sugar and water in a small saucepan, and boil quickly, until sugar is a golden brown. Arrange layer of orange slices in glass dish; sprinkle with sugar; pour over enough caramel syrup to form a thin coating over the orange; add another layer of orange and caramel; repeat until orange is used. Beat cream until stiff, pile lightly on the orange, and sprinkle with chopped pistachio nuts.

Orange Butter Frosting
4 tablespoons Southern California orange juice.
1 teaspoon grated orange rind.
1-3 cup butter.
1 cup powdered sugar.
Mix orange juice and rind; let stand one-half hour, and strain through cheese-cloth. Cream butter in warm, but not hot, bowl. Add sugar gradually, and beat until light. Let orange juice drop to first mixture. This may be used for frosting large or small cakes. Portions may be colored and used through paper frosting-bags for decorations. The cake should be kept in a cool place until required.
This frosting may be used as a pudding sauce.

Day after tomorrow is National Orange Day.

The golden fruit of California will be king on that day.

Many displays will be made locally. Oranges will be given away in some of the business houses. Yellow will predominate everywhere.

The Santa Ana Produce Company is today making arrangements for serving orangeade to patrons free. It will be served by two young ladies. Other Orange Day features are planned by the company.

Throughout the United States the day will be observed as "National Orange Day." In Southern California, however, instead of being observed the day will be celebrated. As a result of the motion pictures, postcards, newspaper and magazine advertising, personal letters, gifts of citrus fruit and scores of other methods used by citrus interests, the many of nearly 100 cities have issued proclamations calling attention to Orange Day, and asking their townpeople to partake liberally of the fruit. District chairmen throughout the United States have been at work arousing local interest and have arranged for practically all hotels to serve oranges in many different ways.

BRYAN TELLS VIEWS ON PRESENT SITUATION IN AMERICAN SENATE

Former State Secretary Says He Is Against Filibustering

The United Press asked William Jennings Bryan, former secretary of state and foremost peace advocate, for a statement of his views on the situation in the United States Senate, which he wrote as follows:

BY WILLIAM JENNINGS BRYAN (Copyright, 1917, by United Press) MIAMI, Fla., Mar. 8.—Answering your inquiry, I beg to call attention to the fact that there are two questions instead of one. The first involves the filibuster and the second the merits of the proposed legislation.

I am against filibustering and have for several years been advocating a cloture rule in the Senate.

I believe in the right of the majority to rule and am sorry to learn from press dispatches that the Senate is inclined to require a two-thirds vote for the closing debate.

A majority vote ought to be sufficient, after each senator has been given reasonable opportunity to express his views. To require a two-thirds vote is to give to the predatory interests the same power they now have to prevent legislation hostile to their privileges.

As long as the rules permit a minority to obstruct legislation, we may expect them to be employed to prevent progressive legislation just as they were employed two years ago to enable the shipping trust to defeat the President's shipping bill.

Up to Senators
Whether the senators should use the rules to defeat a proposed measure is a matter entirely in the discretion of the senators, who are responsible to their constituents alone, just as the President is responsible to the general public only, when he uses his veto to defeat a measure favored by a majority of the Senate and House.

So far as I have seen expressions from the senators nearly all of those who voted against the authorizing the arming of ships, did so for the purpose of compelling an extra session of Congress, or because they objected to the phraseology of the bill. Since the President has power to call a special session of Congress at any time, and ask for legislation he desires, the jingo press will find it difficult to convince the public that there is anything treasonable in the desire to have Congress in session. Every honest warlike of the newspapers will hardly insist upon the abolition of Congress now, whatever they might have the boldness to advocate in time of war.

The second question relates to the merits of the bill. So far as I am able to judge, the objections urged were not to giving of authority to the President, but related to the language to be employed, and surely if congressional authority is needed, the members of Congress cannot fairly be denied discretion as to the language to be employed. Everyone recognizes that the giving of authority involves serious risks.

Public Has Confidence
The public has such complete confidence in the President that Congress would not hesitate to confer upon him any power that he could himself use, but the President cannot ride on the ships himself, or handle the guns. He cannot even direct the man who pulls the trigger.

The expert gunner will be some 3000 miles from Washington when he carries out the authority conferred. He will not only have the expert's desire to test his skill, but he will be under the immediate direction of a ship owner who may have a large pecuniary interest in landing a contraband cargo.

The President has not asked Congress to surrender to him authority to declare war, it is strange that Congress should hesitate to put an expert gunner in a position where, by his mistake, or by a mistake of an interested ship owner, he may commit an act of war?

The senate and house did not agree as to the phraseology of the proposed bill. The senate wanted to include "other instrumentalities," which the house thought too vague a description of the power conferred. The house also excepted from insurance merchantmen carrying arms and ammunition, and a majority of the house committee favored inserting this exception in the paragraph authorizing the arming of ships.

In Sympathy
I am heartily in sympathy with the house in withholding insurance from ships carrying arms and ammunition and am also in sympathy with the minority of the committee in the belief that the exception should be extended to the arming of ships as well. The bill in both senate and house provided for protection of Americans only when they were lawfully on ships and

SHOULDER PUNCHES BY PEACE ADVOCATE ON SENATE RUCTION

I am against filibustering. Is there anything treasonable in a desire to have congress in session?

Objections were not to giving authority to President Wilson but related to the language employed.

Public has such complete confidence in the President, congress would not hesitate to confer upon him any power he could himself use.

But the President can't ride on ships or handle guns.

A gunner would be under immediate direction of a ship owner who may have a large pecuniary interest in landing a contraband cargo.

A law should be enacted withholding clearance from any belligerent ships carrying American passengers to Europe.

Why should our government permit the United States to be drawn into war by the folly of an American citizen who so disregards his country's welfare as to travel upon a belligerent ship?

It is for congress to say what is lawful.

In my opinion a law should be enacted withholding clearance from belligerent ships carrying American passengers to Europe. American papers of the twenty-fourth of last month contained the following dispatch from Halifax, N. S.:

"Ocean Banned to Women."
"Halifax, N. S., Feb. 23.—A number of women and children who arrived here last night on a steamship from the United States for Europe, were taken off today by government authorities under a regulation which provides that women and children may not sail from a British port for England at present."

"Three American women aboard the liner, which arrived in port last night, were permitted to continue the voyage. Clearance papers were refused until twenty-five Canadian women and children had been removed. They were taken ashore in tugs."

Asks, "Why?"
If Great Britain will not allow British women and children to sail on a British ship bound for England, why should the United States allow American women and children, or even American men, to sail on any belligerent ships going into the danger zone?

It will be noticed that the Halifax dispatch says that "three American women were allowed to proceed." Of course the British officials had no authority to remove American women, but why should the United States allow the owner of a belligerent ship to safeguard a contraband cargo with American women and children, or even American men?

And why should our government permit the United States to be drawn into this war by the follies of any American citizen who disregards his country's welfare as to travel upon a belligerent ship, whether for pleasure or for profit?

L. A. MAN SEEKING FOOD PRICE BOARD

LOS ANGELES, Mar. 8.—A state commission to fix prices for necessary commodities is the latest.

City Prosecutor Warren Williams is now preparing such a bill and vesting it with authority. The bill will have the support of Mayor Woodman. It will be sent to the Legislature within the next few days.

The bill is based on the Commodities Control Act, which has been tried in New South Wales, Australia, and there is a proven success.

Three persons appointed by the governor will constitute the commission. The commission will have authority to say what wholesale and retail prices shall be asked.

Necessary commodities as defined in the bill are coal, firewood, coke or other fuel, gas for lighting, cooking or industrial purposes, any article of food or drink for man or domesticated animals, any article used in preparing the foregoing or anything which the Legislature votes to be a commodity. The commission will have the power to enter warehouses in which it is believed goods are stored and sell them at its own prices.

It punishes violations with jail sentences of not more than a year or a fine of not more than \$500 or both for each offense.

In discussing the proposed bill, Williams said: "The day after the bill passed in New South Wales, the price of wheat dropped from \$1.26 a bushel to 26 cents, flour from \$59.01 to \$9.64, and a threatened raise in bread loaves was prevented."

TERRELL 'HAY BILL' DUE TO BRING RELIEF TO FARMERS, IS VIEW

SACRAMENTO, Cal., Mar. 5.—That the passage of Senator Terrell's "hay bill" would provide relief to the farmer "against what may be termed the most piratical trade custom arbitrarily imposed on him," is the statement today of Charles G. Johnson, state superintendent of weights and measures.

He added: "Estimating the quantity or the weighing of hay, has been attended with the greatest carelessness, indifference and intent to defraud, of any other farm product. In the sale of this commodity, the producer and the purchasing public have for years been the victims of arbitrary systems and larceny tactics."

It is our pleasure to extend you a hearty welcome to our

First Formal Showing of Spring Millinery Saturday, March 10, 1917

You will find the Johnson Pattern Hat up to the usual standard, and many elegant models in semi-dress hats, sport hats, and last but not least a beautiful assortment of children's ready-to-wear millinery.

VISCOUNT BRYCE TELLS BRAVERY OF ARMENIANS

BY VISCOUNT BRYCE Former British Ambassador to the United States

LONDON, Mar. 8.—The slaughter of between seven and eight hundred thousand Armenians by the Turks since the beginning of the war reveals the Armenians quite as much martyrs to Christianity as any of the early Christians who died in Nero's arena. There are today more than a million Armenians and Syrians starving to death in Asia Minor, Syria, the Russian Caucasus, Persia and Palestine. The relief work for them in America is in charge of the American Committee for Armenian and Syrian Relief in New York.

In the history of the early Christian church there are no figures so glorious, none which have continued to be so much honored by the church as those of the martyrs, men and women who from the time of Nero down to that of Diocletian sealed with their blood the testimony to their faith withstanding every lure and every threat in order to preserve their faith and loyalty to their Lord and Master Christ.

Examples of Courage
In our own times we have seen this example of fidelity repeated in the Turkish Empire and it is strange that the Christians of Europe and America should not have been more moved by the examples of courage and heroic devotion which the Armenian Christians have given. Of the seven or eight hundred thousand of Armenians who have perished in the recent massacres many thousands have died as martyrs by which I mean they have died for their Christian faith when they could have saved their lives by renouncing it.

This has perhaps not been realized even by those who in America or Europe have read of and been horrified by the wholesale slaughter and hideous cruelties by which half of an ancient nation has been exterminated. They can hardly understand how there should be religious persecution in our time; so let me try to explain the facts.

Not Fanaticism
It was not religious fanaticism that led the present ruler of Turkey to seek to root out Christianity. So far from being fanatics, most of those men though nominally Mohammedans have no religion whatever. Their aim was political. They wanted to make the whole Turkish Empire Mohammedan in order to make it uniform with only one creed and no differences between one class of subjects and another. They saw that the Christian part of the population, suffering under constant oppressions and cruelties, continued to turn its eyes westward and hope for some redress from the Christian nations; so they determined to eliminate Christianity altogether.

Killed As Christians
During these recent massacres whenever any Christian would turn Mohammedan his life was spared. It was only as a Christian that he was killed. Many a Christian child was torn from its parents to be brought up as a Musselman. Thousands of Armenian Christian girls were sold in

the market or distributed among Turkish officers to be imprisoned for life in Turkish harems and there forced into Mohammedanism. But many more thousands of Armenians, women as well as men, were offered their choice between Christ and Mohammed and when they refused Mohammed were shot or drowned forthwith. For days and days together the bodies of Christian women who had thus perished were seen floating down the Euphrates.

Surely the remains of this suffering nation could make no stronger appeal for pity and help to the Christians of America than they make through these martyr deaths. Only a remnant is now left to whom charity can be extended. It is still a sorely afflicted remnant.

FLUTTERING DOVE IN CHURCH IS HAILED AS PEACE OMEN
NEW YORK, / / /—The fluttering wings of a dove, beating against the still atmosphere of the Madison Avenue Baptist Church, interrupted the sermon of Dr. Charles A. Eaton

and occasioned the remark of the preacher that he hoped the mild bird would abide within the shelter of the edifice and be a real omen of the soothing days that may soon come to assuage the tortured peoples of Europe.

The dove flew in through a window opened for ventilation, perched upon the rail in the choir loft for a few moments and then flew back over the congregation to a cornice of the window and remained there during the entire period of the sermon.

Dr. Eaton is noted for his remarks in the public criticizing President Wilson's policy in Mexico and his urgent pleading that the President follow a foreign policy that will include the belief that the United States is a sovereignty whose honor must be respected by the European belligerents, and that we are, as a nation, ready to resist by force any foreign infringement of our rights as world citizens.

The dove's appearance was the topic of gossip in the aisles and the vestibule of the church after services.

After You—What?

What would become of your affairs if you were to die tonight? You have gathered your possessions by planning and foresight. Have you considered what others must do to conserve your interests when you are gone? Have you thought that the kind of assets most useful to a business man would greatly embarrass a woman or child? With your experienced judgment controlling it and your training pushing it, your business might go on forever. Without you, it would not, unless your equal took your place, and then only if he owned it. Another would not push that business for your wife or child as you push it. Whose judgment may be trusted to dispose of that business? Don't leave it to chance. Then, when your business is turned into money and your life insurance is added to it, what will your wife and children do with the money? They need advisors, and you should select them and make them your executors. The income of your loved ones must be a safe and steady one. Don't choose a man to arrange it who has never owned an investment security or income property. Choose the Orange County Trust & Savings Bank. They have the men that are trained for just such work. Come in and consult them in confidence and discuss your plans with them. If their ideas do not impress you, no harm is done and it costs you nothing.

LOCAL CANNERY PRODUCTS TO BEAR S. A. LABEL

California Packers Corporation Will Give Proper Credit to This Section for Output

"We appreciate your interest in this matter and believe that Santa Ana is justly entitled to credit for the superior quality of many products grown in that vicinity. Our salesmen and our trade will be generally advised."

Santa Ana and Orange county will receive much favorable advertising through the resumption of operations at the cannery on East First street, and the quotation at the opening of this article is made from a letter to Secretary Metzger written by C. H. Bentley, sales manager of the California Packers Corporation, in response to a suggestion from Metzger that the products of the cannery here should have a label bearing the name of this city.

That Bentley regards some of the products of this county as superior to those grown anywhere else is evidenced by the tenor of his letter.

Another paragraph in the letter reads: "We beg to thank you for your favor of Feb. 28 relating to advertising of the products from Santa Ana. You may be sure that we shall be very happy to give Santa Ana the credit for the products which we pack there, as we have already done in connection with our future sales of pimientos and chilis. The wholesale grocery trade, and the retail trade, too, have been generally advised of the fact that we are operating a plant at Santa Ana for this purpose."

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

"Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation."

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

RUNS IN FRONT OF AN AUTO, KNOCKED DOWN, BOY'S HURTS SLIGHT

Narrow Escape Occurs But a Few Yards From Where Miss Thomas Was Killed

Escaping death and serious injury, Henry Ban Durant, Jr., aged 10, son of the proprietor of a barber shop at Garden Grove, is today but little the worse for an experience he had yesterday with an automobile driven by an Anaheim garage man.

Henry was going home with Sammy Christ, who lives half a mile north and half a mile west of Garden Grove. The two boys were riding on the rear end of a wagon. When the cross road was reached, Henry jumped off of the wagon and dashed out from behind the wagon squarely in front of an automobile.

The boy was struck and thrown forward on the pavement. The automobile passed over him, but none of the wheels touched his body, which fell parallel with the boulevard. The boy soon was on his feet. A physician declared there were no bones broken and no internal injuries. The name of the driver of the automobile was not obtained.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Mar. 8.—The meeting of the O. D. O. Tattling Club at the home of Mrs. William Wagner on South Batavia street Tuesday afternoon was one of many pleasant affairs.

Handsome decorations of plum and peach blossoms were in the various rooms. After an industrious session with the needles, the guests were served with delicious refreshments in two courses.

Special guests of the club were Mrs. Huff, Mrs. Hobbs, Mrs. Fleetwood Bell and daughter, Mrs. Lamberton and Mrs. O. Coate. Members present were Mrs. J. H. McCarthy, Mrs. W. G. Mitchell, Mrs. C. J. Porter, Mrs. Frank Knight, Mrs. William Waechter, Mrs. Ray Valentine, Mrs. Frank Dale, Mrs. N. U. Potter, Mrs. C. B. Christenson, Miss Emma McGrady and Mrs. William Wagner.

The members of the C. M. P. Club entertained their husbands Monday evening at the H. L. Bascom home, with Mr. and Mrs. Sherman Gillogly as the guests of honor. The affair was in the nature of a farewell to this well esteemed couple, who are soon to move from Orange, leaving countless bonds of friendship and a deep rooted regret that such pleasant associations must be severed.

The rooms were prettily adorned with freesias and mustard blossoms that cast the unequalled charm of nature's fresh beauty over the scene. The time was merrily passed with progressive games and the hostess served dainty refreshments. Mr. and Mrs. Gillogly were present with a silver carving set as a memento of all that their friendship has meant to the members of the club.

Those present were Messrs. and Mrs. Sherman Gillogly, O. U. Hull, W. E. Anderson, C. W. Meadows, A. G. Parsons, L. W. Hemphill, J. A. Campbell, G. P. Campbell, D. F. Campbell, A. B. Lane, H. L. Bascom, I. N. Barnett, W. F. Bowen, Mrs. T. M. Filippin and Miss Bessie Lea.

Miss Andrea Rosland had a pleasant birthday surprise Tuesday evening, being a guest of honor at a chicken dinner served at the P. A. Price home, 252 South Olive street.

A pleasant evening followed the dinner. Miss Rosland was the recipient of many nice gifts.

The guests were Miss Andrea Rosland, Mrs. Lillian Cook, Miss Anna Fjerstau, Mrs. J. Z. Fuller, the Misses Feurstenau and the P. A. Price family.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Beautiful Lustre At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray. Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

CIRCUS PARADE IS VIEWED BY BIG CROWDS TODAY

Cole Brothers Big Tented Feature Makes Good Impression On Local People

With wagons bright and shiny with new paint and animals sleek and fat as the result of the winter's rest and good care, Cole Brothers' Circus made a good impression this forenoon on the hundreds who lined the streets to witness the parade.

People from all parts of the county came early in anticipation of the circus parade and none were disappointed. Boys and girls—some who played "hooky" and some who did not—were toting the curb and straining their necks eagerly listening for the blast of the caliope announcing the approach of the pageant.

Expressions of Approval
When the big procession passed through the crowded streets there were continual expressions of approval for the people seemed to have felt repaid for the trip downtown. The costumes of the riders were new from the buglers at the head of the parade to Madame Libetta Zona Miles, Hindu princess, who drove Myrtle, the big elephant, from her seat in the two-wheeled cart.

The animals were all sleek and appeared to have passed a comfortable winter in their quarters in Riverside. Every wagon in line had been treated to a fresh coat of paint, with new decorations of gold and silver leaf, since the show arrived at Riverside last December.

The big tent is located on the ball grounds across the Santa Fe tracks on Depot street. The attendance at the afternoon performance was good and a large crowd is expected tonight.

The Oldest Circus
Mr. Kutz, press representative of the Cole Brothers' Circus, is authority for the statement that it is the oldest circus on the road today. Previous to 1876 the father of the Cole brothers was in partnership with Barnum, the style of the firm being Barnum & Cole. When this partnership was dissolved Cole had his circus on the road some three months ahead of Barnum and the Cole circus is therefore that much older than the Barnum circus.

C. C. DIRECTORS DISCUSS BIG PROJECT

Directors of the Chamber of Commerce at their regular meeting last night discussed a proposition of very great importance to the future industrial development of Santa Ana, but until a thorough investigation is made by a committee announcement of the project will not be made.

Membership of the chamber is being increased every month, showing that a general interest is being taken in the organization and that its efforts in behalf of the city are appreciated. The following were voted in last night as members: The Jubilee Hatchery, 323 West Fourth; Dr. J. C. Murlin, 106 1/2 East Fourth street; J. J. Tavis, commercial agent for the Salt Lake; Gould Allen, 115 South Birch, county agent for Republic trucks; O. A. Simmons, Cashier Orange County Trust and Savings Bank; W. E. Otis, vice president of the Farmers and Merchants' National Bank.

Endorsement was given Goettings Assembly bill No. 538, providing compulsory mediation in strikes on public utilities, and Ballard's Senate bill No. 695, prohibiting the secondary boycott and sympathetic strike.

ANAHEIM EXPECTS P. E. CONNECTION

Again Declared S. P. Branch to Tustin to Be Used By Electric Cars

ANAHEIM, Mar. 8.—Anaheim can count confidently that the Pacific Electric will pass through this city in the near future. It has been learned on good authority that the electric line will take over the old Southern Pacific line running to McPherson and will put on regular service.

At one time it was thought that Fullerton would be the terminus for the line coming to that city but men with a broad view can see the great possibilities of business from the Riverside country over the P. E. on the way to Orange county beaches where so many Riversideans have their summer homes. Whittier people have summer homes in Orange county and the La Habra-Fullerton line would make easy transportation for them. This would

New Blouses

\$2.75—New and Chic

Made of a new lawn of Handkerchief linen weight and effect, with tailored collars in colored linens, with cuffs and button holes to match. Very effective.

\$2.50—Lingerie Styles.

White Batistes and Voiles, with large collars, trimmed in very dainty laces and embroideries.

A Most Attractive Showing of New Wash Goods for Spring Dresses

Printed Voiles, 25c and 35c

Of excellent quality, considering the advanced prices of cotton, and printed lavishly in the new effects—Japanese, Paisley, Challis, and floral.
A wider choice of dainty patterns than we have ever shown in this material.

Printed Voiles, 40c, 50c, 60c

In the better qualities of double twisted threads that will not pull out of shape. Rich designs in many colors, from soft pastel shades to high novelties.
Striped Voiles at these prices are beautiful and especially durable for Summer dresses.

Half Silk Novelties, 50c, 65c

Beautiful in quality of material and design, our half silks are destined to win favor with those who want something good looking at a medium price.
Self figured materials in new striped and various figures, featuring the wanted colorings for Spring, blues, gold, greens and combinations.

Printed Flaxons, 20c

Inexpensive yet far from cheap looking, for the patterns are so dainty, and the colorings so good. We show both white and cream grounds all in new figures and stripes.

CHILDREN DRUNK IN DANCE HALLS, CLAIM

CHICAGO, Mar. 8.—The Juvenile Protective association of Chicago is fathoming a bill in the legislature, prohibiting the sale of liquor in the dance halls, and providing a \$200 penalty for violation.

Charging that the majority of the dance halls are operated primarily for the sale of liquor, and in many cases are actually owned or controlled by liquor interests, the association's committee report shows that police have no conception of their duty at dance halls; many policemen are found drinking; fights are common; indecent dancing prevails after about 11 o'clock, although until they become intoxicated, the dancers are usually orderly; minors, and often small children are permitted to become intoxicated, while parents laugh at their drunken antics.

As a benefit affair, many little children were found "outrageously drunk," according to Mrs. Bowen's report, and intoxicated women threatened to mob a policeman who closed a gambling device being operated there.

"Men and women become intoxicated," says the report, "and dance indecently such dances as 'Walking the Dog,' 'On the Puppy's Tail,' 'Shaking the Shimmy,' 'The Stationary Wiggle' and 'The Dip.'"

"At 205 of the 213 halls investigated, liquor was sold, and at 193 of these minors were present."

PLACENTIA, Mar. 8.—The New Era Oil Company, a San Diego company, started drilling on its lease near Placentia a few days ago, and will no doubt be the center of interest for a time along the southern boundary of the local field. The New Era Oil Company is using a combination hydraulic and rotary outfit, and it is understood that serious difficulties have already been encountered. The sand and mud are too heavy to be handled by the hydraulic method to advantage, and doubtless the operators will be compelled to come back to the good old-fashioned rotary before going ahead much further. The location looks good to a local expert in that it bears striking similarity to the Bell Ridge property in the northern field.

CALIFORNIA ALMOST STRIPPED OF HORSES BY EUROPE'S BIG WAR

SACRAMENTO, Mar. 8.—Warring nations having almost stripped California of horses, there is unprecedented activity toward replenishing the supply, Secretary C. W. Paine of the State Stallion Registration Board reported to the Legislature. Applications for registration of stallions are coming in at the rate of twenty-five a day, Paine says.

MRS. SANGER ENDS 20-DAY SENTENCE

NEW YORK, Mar. 8.—Having served the thirty days to which she was sentenced for disseminating birth control information in New York City, Mrs. Margaret Sanger, national leader of the birth control movement, was released today.

Mrs. Sanger unlike her sister, Mrs. Ethel Byrne, did not hunger strike in the prison at Blackwell's island. She served her time quietly and made the best of her opportunity to study prison conditions.

"I have gathered a deal of material which I shall use in my future writings," said Mrs. Sanger today, "but I did not break any of the prison rules nor attempt to do anything out of the ordinary that would make me trouble."

"I was sent to prison unjustly, but many persons have had the same thing happen to them. I shall continue my birth control propaganda work just the same as I was doing it before my arrest."

NEW ERA COMPANY STARTS ITS WELL

PLACENTIA, Mar. 8.—The New Era Oil Company, a San Diego company, started drilling on its lease near Placentia a few days ago, and will no doubt be the center of interest for a time along the southern boundary of the local field. The New Era Oil Company is using a combination hydraulic and rotary outfit, and it is understood that serious difficulties have already been encountered. The sand and mud are too heavy to be handled by the hydraulic method to advantage, and doubtless the operators will be compelled to come back to the good old-fashioned rotary before going ahead much further. The location looks good to a local expert in that it bears striking similarity to the Bell Ridge property in the northern field.

PUT HIM TO WORK

In these days when help is so scarce throughout the country at large, everyone should go to work. When any strain in our population is non-productive, something is wrong. These remarks were suggested by reading an address by Gen. R. H. Pratt, for twenty-five years head of the Carlisle school for Indians. General Pratt condemns the United States' policy of holding the Indians on reservations and consequently pauperizing them.

This speaker presented figures showing earnings of 25,000 Indians as averaging less than \$4.00 a month. Thousands of them were fiddling away on little crafts like basket-making and bead-making. Meanwhile the farms are crying aloud for workers.

The Red Man has a reputation of indolence. Many employers would say they would not have a man with Indian blood around the place. Yet many thousands of them are doing well as stock raisers, which is not an idle and easy occupation.

One of the principal reasons for high cost foods is the scarcity of workers and the high cost of farm help. The Indian population is not large. But if all these semi-idle Indians of whom General Pratt speaks could have been trained for real work, it would have helped labor shortage in several states.

The Indian was trained to endure sharp pain without flinching. A creature who can bear suffering ought to be able to work, and could if he were trained to it. Furthermore, the Indian race was never enslaved or reduced to servitude. That indicated a certain resolute and iron quality in the blood. It is no wonder the Indian would not work when so many times he was simply kept on a reservation and fed on government rations. The idleness was physically enfeebling, and was one reason why the race has not held its own in population. The many Indians who already have learned to live normal working lives will no doubt show themselves able to increase and multiply and furnish their share of industrious labor.

RUSSIA'S WONDERFUL STORY

In 1912 the people saved in their banks or deposited in securities just over twenty million dollars; in 1913 not quite so much. In the first eight months of 1914 they took out fifty-five million dollars more than they paid in. Then came the war and prohibition and in the first four months of the war, with no vodka to lure their money from them, they poured seventy million dollars into the banks. In 1915 they saved four hundred and five million dollars, and the Budget for 1917 gives us their savings to September, 1916, when they had reached, with securities, over seven hundred and fifty million dollars. The figures of savings and deposits of securities are hard to believe; look at them again:

Last eight months of vodka, net loss of \$55,000,000.
First four months of prohibition, savings of \$70,000,000.
First full year of prohibition, savings of \$405,000,000.
First nine months of 1916, savings of \$755,000,000.

In two years Russia has recovered her lost revenue and enriched her people. The bank deposits for the last year of vodka were forty million dollars; the deposits for a year of prohibition have been eight hundred and eighty-five million dollars. There has been nothing like this in the history of the world before.

SUGAR 15 CENTS

The poor are staring today at a famine price on sugar, and their hearts sink.

Fifteen cents for sugar and every year the American drink trade destroys thirty days' supply of that commodity! American women and children must be understood that American men may be amply beered.

Every twelve months this wolfish trade sneaks from the American pantry two months' rations.

The drink traffic cannot exist without destroying food products. All the elements that enter into the fixing of a retail price on food are affected by this king-waste. Raw materials, labor transportation, efficiency and strength—all are raided.

And what do we get in exchange? FAMINE PRICES!

We handle everything in produce. What have you? Good quality apples, onions, potatoes. C. C. Produce Co., 311 N. Broadway. Phone 615-J.

AMUSEMENTS

COLE BROS. CIRCUS

Cole Bros', Big Three Ring Trained Wild Animal Show is on the program tonight.

Louis Roth enters the big steel arena at every performance. He takes tigers, panthers, lions and leopards, trains them to jump three loops of fire, walk tight ropes, makes leopards work in harmony with panthers and other wild beasts under perfect control.

The big clumsy cinnamon bears, always a feature of every animal performance under canvas or on the vaudeville stage, are taught to walk on their hind feet, drink from a bottle, balance themselves on rolling balls as well as wrestle with their trainer.

Miss Mabel Stark, the heroine of many wild animal escapades, will also be seen. Miss Stark's mixed group of performing tigers, leopards and panthers must be seen to be appreciated. This fearless little woman has seen the wild beasts in the African and Indian jungles, having accompanied her husband on several wild animal hunting expeditions. She has been torn and mangled, by ferocious beasts time and time again, while on these "hunting vacations," as she is pleased to call her trips, as well as in the steel arena while training her pets. These and many other features will be seen only with Cole Bros', Trained Wild Animal Show.

At Clune's
The photodrama masterpiece, which will open at Clune's Theater March 12, 13 and 14, is a production based on the story of "Joan of Arc."

Geraldine Farrar, the noted operatic prima donna, is seen in the immortal Maid of Orleans.

In splendor of investiture, grandeur of spectacle and royal brilliance of pageantry, this picture marks a new epoch in the history of motion pictures.

The story of "Joan of Arc" is familiar to all, but it is said that Jeanie MacPherson, author of the scenario, which DeMille has followed, has taken not the side of the warrior, but placed more emphasis on the womanly traits and characteristics of the immortal Maid, and it is said that, with her distorting historical facts, Miss MacPherson has given the story a most unusual modern touch, as well as chronicling events in the life of the famous saviour of France.

When "Joan of Arc" was first produced it was feared that the religious might take exception to the presentation of the historical execution of this young woman by the church, but instead, it was eagerly welcomed. The Catholic Register, one of the leading Catholic papers in New York City, published the following in regard to the production:

"The music, composed and directed especially for this production by William Furst, was more than adequate for the occasion, and at all times served to help the illusion. As a whole the production reflects great credit on the magnificent Miss Farrar and her associates, and the munificence of Jesse L. Lasky, the producer. Taking it all in all, the acting of the stage star, the direction, characterization, presentation of the unities and investiture, Geraldine Farrar in 'Joan of Arc' is one of the best motion pictures in New York."

Too Much of a Good Thing
Little Mary Sunshine, the Pathe baby star who was christened Helen Marie Osborne in her latest picture, "Joy and the Dragon," to be shown at Clune's Theater on Friday and Saturday, figures in a number of scenes which show her in a shipping hamper of fresh-baked bread.

Now, fresh-baked bread has a delightful aroma if you don't get too much of it. Baby Osborne was in close contact with it for eight or nine hours, which may explain the following:

Her mother was listening to the child repeat "The Lord's Prayer" just before she curled up in her crib for the night and noticed that she left out a line. "Baby, why didn't you say 'Give us this day our daily bread'?" she asked. Marie turned up her little face and said: "Cause I don't think much of bread any more, mumsey."

At the Temple
The principal role in "The Last of the Ingrams," Triangle-Kay Bee play from the studios of Thomas H. Ince, which will be seen at the Temple Theater Thursday, Friday and Saturday, is allotted to William Desmond. The story has to do with one Jules Ingram, the last of a family of well known settlers in bleak Cape Cod community. Jules has inherited a genial and pleasure loving disposition from his French mother, but his inhospitable surroundings depress him so thoroughly that he becomes a drunkard just to be different from his neighbors. Mercy Reed, a girl who has made one great mistake which has led to her ostracism, shows her sympathy with Jules when his home is sold at auction. They become friends and in facing the abuse and hatred of their fellow townsmen finally achieve a victory that leads to the better things of life.

At the West End
The understrain of enmity which existed between the North and the South just prior to the Civil War is clearly depicted in the quaint, romantic story of "Rose of the South," the Vitaphone Blue Ribbon Feature starring Peggy Hyland and Antonio Moreno, which is the attraction at the West End Theater on Saturday.

Scenes of the northern college are shown with the students lounging about on the grass of the campus. Then "Big Randolph" with his dusky slave and faithful dog comes to the school from his southern home and slowly the strained relations make themselves manifest and result in no end of quarrels.

Finally "Rose of the South," played by Peggy Hyland appears, and the desperate struggle for her love between Randolph and Watkins, a man of the north, ensues.

SPRING COLDS ARE DANGEROUS
Sudden changes of temperature and underwear bring spring colds with stuffed up head, sore throat and general cold symptoms. A dose of Dr. King's New Discovery is sure relief; this happy combination of antiseptic balsams clears the head, soothes the irritated membranes and when night has been a lingering cold is broken up. Don't stop treatment when relief is first felt as a half cured cold is dangerous. Take Dr. King's New Discovery till your cold is gone.

FULLERTON GOING TO ENFORCE CURFEW LAW

FULLERTON, Mar. 8.—The council has ordered the enforcement of the Curfew law in this city. It will go into effect Monday. The Curfew will be sounded by nine strokes of the fire bell. The law applies to persons under 17 years of age.

OAKS, YANNIGANS TIE

BOYES SPRINGS, Cal., Mar. 8.—The Oaks sure do like cigars. Del Howard put up a box of Havanas as a prize for yesterday's game between the regulars and Yannigans and the clubs battled so fiercely that the contest resulted in a five to five tie.

MASONIC NOTICE

Santa Ana Lodge No. 241 F. & A. M. will confer the first degree of Masonry Friday evening, at 7:30. Visitors welcome.

F. C. ROWLAND, W. M.

WITH MALICE TOWARD NONE

By Henry James

"Why in h— does Uncle Sam so hate to sell his citizens' stamps?" writes an indignant English woman. It is plain that she is indignant or never would she have used such a suggestive blank, knowing as she does the tendency of this column to be meticulous in respect of its language. Not that anybody here knows what that "h—" stands for, yet the evil minded might place a construction on it implying that the lady wanted to cuss.

However, she had a reason. Her trials befell all on a holiday. Americans are fond of holidays. Every time a great man dies they exclaim, "There's another holiday!" and in jubilation at the prospect forget their sorrow.

A holiday is a time when the person who works for a living generally has to keep right on working, but if he is of the boiled-shirt type, luxuriously tending bar, or playing with rolls of gold coin in a bank, he gets a rest that he doesn't need. The citizens employed to sell stamps also get a lay-off. Postoffices and branches wither and fade into vacant abodes of gloom. Nothing doing there. Not for love of money could a stamp be wrested from their silence. But hold! There is the convenient drug store where stamps are on sale. Of course.

The drug store girl who purveys stamps when not purveying paint, powder, stationery, cigars, gum, glue, toothbrush, hairbrushes, pencils or rubber erasers, is busy doing some of these things. She gets through, and has to talk with her fellow, who happens to drift in. After that she adjusts her hair wondering if a change of color would not make a hit.

"Did you want stamps?" she asks with a fine languor, as though to show that she doesn't care a darn, and then adds that "her ain't none left."

"Where," continues the English lady—who's almost an American really—"where are the nice little postoffices of any European city?"

They are there yet if no thoughtless army has shot them off the map. But such frivolous response is unworthy the occasion. There is plenty of basis for the grumble. A stamp is one of the things that one wants when one wants it; and ought to be able to get, holiday or no.

PROPOSED PURCHASE OF RECLAIMED LANDS BY STATE INTERESTS

SACRAMENTO, Mar. 8.—The proposition of the state buying the vast acreage of lands to be directly benefited by the Sacramento river flood control and reclamation project is fast coming to the front as one of the most important issues before the Legislature. The idea originated with Senator William Kehoe of Eureka, who sees a chance for the state to secure a substantial annual income through this investment. Under the present arrangement through which

the state is to give \$5,600,000, the government \$5,600,000 and property owners in the Sacramento-San Joaquin drainage district about \$30,000,000, the lands of private property owners would be reclaimed and greatly enhanced in value.

Kehoe believes it would be of great interest to the whole state if the state should buy these unreclaimed lands at the present low value and get the benefit of the increased value through the flood control and reclamation features of the project. He believes the lands could be leased out by the state for thousands of dollars annually, the rental money to be given toward the support of schools throughout the state, thus relieving the general property tax for this purpose.

SOCIETY

SURPRISE FOR FRIEND

Mrs. A. T. Anderson Honored Last Evening, Dainty Handkerchiefs Showered

A pleasant birthday surprise was given last evening at the home of Mr. and Mrs. Nephi Gledhill, 705 South Sycamore street, for Mrs. A. T. Anderson, of Idaho Falls, Idaho.

The evening was happily spent with music, singing and games and during the evening Mrs. Anderson was further surprised and pleased with a shower of dainty handkerchiefs.

Sweet peas were used to make the living room attractive and a large cluster of waxen calla lilies and ferns adorned the dining room. The lovely birthday cake was done in pink and white and held its quota of pink tapers.

The menu was potato salad, sandwiches, pickles, olives, cocoa, cake and candy. The napkins held a St. Patrick design.

Those participating in the delightful event were Messrs. and Mesdames A. T. Anderson of Idaho Falls, C. H. Lowe, Mr. Bowden, Mrs. W. O. Packard and daughter Katherine, Mr. and Mrs. N. Gledhill and son, Mrs. Love and son Leonard, Mrs. Cummings, Mr. and Mrs. Al Smith of Berrydale, Mrs. H. P. Christensen and son Norman of Tustin.

W. R. C. Tea

The regular monthly W. R. C. tea will be held in G. A. R. hall tomorrow afternoon. There will be a good program and all are invited.

Credits Discussion

For the purpose of getting information on credit systems with a view to adding a credit bureau to the activities of the Merchants & Manufacturers Association, two experienced credit men will address the merchants of the city next Monday evening at a banquet to be held at the banquet hall of the Odd Fellows building.

A. J. Pickart, president, and E. M. Hitchcock, manager, of the Retail Merchants Credit Association of Los Angeles, will be the speakers.

The Dragon will cater and the banquet will be served at 6:30, with the addresses following. Plates will be \$1 each and reservation with Secretary Metzgar must be made in advance of the date.

DOINGS OF CLUBS PERSONALS

ALL DAY MEETING

Methodist Societies Gather At Church, Make Reports of Calls and Other Work

Ladies of the First M. E. church met yesterday at the church and the meeting was unusually well attended. The Aid met at 10:30, the society reporting 360 calls made by the ladies, and the different sections showed a great deal of interest and work done in their different lines by calls and looking after the sick and those in need.

A social is planned in the near future at Mrs. Vandermaast's.

A sumptuous dinner at noon was served by Misses S. M. Davis, C. Dieken, Julia Edwards, C. W. Fox, D. M. Framby, J. Grigsby, Miss Collings, Mrs. Brunkerside, Faust and Fitz.

At 2 p. m. the Home Missionary meeting was held, with Mrs. C. W. Burns in the chair. Mrs. Lash led the devotion. A great deal of work was reported by the different departments. Mrs. Fay sang a solo, which was much enjoyed. Mrs. F. P. Jayne had charge of the program. Mrs. Jack and Mrs. Deering had part in the program. The meeting was well attended.

ORIGIN OF HOLIDAY

Second Section of Household Economics Hears Paper About St. Patrick

A more than pleasing meeting was enjoyed yesterday afternoon by the members of the second section of the Household Economics class of the Ebell at the hospitable home of Mrs. J. N. Bartholomew on North Broadway, the meeting being well attended.

The hostesses for the afternoon, besides Mrs. Bartholomew, were Misses Gertrude Montgomery and Fannie Smart, Mrs. Howard Turner and Mrs. Harry Hanson, who, however, was not able to be present on account of illness.

A profusion of carrot ferns was used for decorations and roll call was cleverly responded to with Irish anecdotes passed upon Shamrock leaves.

A very interesting paper on "The Origin of St. Patrick's Day," interestingly prepared by Mrs. Harry Hanson was read by Mrs. Raymond Miles.

A tempting collation was served, consisting of green salad, sandwiches, coffee and would you believe it, Irish potatoes?

The place cards were Shamrock leaves stuck in an Irish spud.

SO SO CLUB

Mrs. Robert Mize Hostess At Pleasant Afternoon With Sewing and Chat

A very pleasant afternoon was spent yesterday by the members of the So So Club and guests at the home of Mrs. Robert Mize, 1017 North Ross street. The rooms were most attractive with their masses of peach blossoms and sweet peas, and the time was enjoyably passed with dainty needlework and lively chat.

Late in the afternoon, Mrs. Mize served her guests with a three-course tray collation, carrying out the rose-colored tint in the delicious viands. The guests present were Mrs. S. V. West, Mrs. Margaret Caldwell Gehrett, Mrs. Geo. Mize, the members, Misses Blanche and Lula Minter, Blanche and Joe Tiede, Inez Cloyes, Myra Kirk, Robbie Jones, Miss Lewis, Esther Patterson, Misses H. P. Rankin and C. V. Billingsley.

Edison Free Cooking School Beginning next Monday and continuing through the week, the Southern California Edison Company will conduct a free cooking school. Sessions will begin at 2:00 each afternoon.

Chief Wyman, reputed to be a culinary artist of international fame, will conduct the school, which is to be held at 412 North Main street, directly across the street from the Edison office. He will demonstrate how to cut down the high cost of living and how to save time, labor and fatigue in the preparation of food for the table; also how to make it more appetizing and tasty when served on the table. How to conserve nutrient in food while in process of cooking and how it can be made possible to cook in a cool, clean and convenient atmosphere.

The public is invited to attend the school and learn the modern way demonstrated by Chef Wyman.

TALK ON CHINA

United Presbyterian Mission Society Elects Officers and Delegates

The Ladies' Missionary Society of the United Presbyterian Church met yesterday at the church for an all-day meeting. The parlor was decorated with sprays of peach blossoms, arranged in large jardinières and giving the room a very spring-like appearance.

Fancy work and social chat were enjoyed until 11 o'clock, when Dr. J. C. Kennedy took charge of the Home Mission study and gave a fine talk on Cuba.

At 12:30 dinner was announced and all proceeded to the dining room, where the places were marked by shamrock and violets for boutonnières, while low green bowls filled with violets, frezias and daffodils arranged with shamrock, further decorated the table and showed that spring was here and St. Patrick's Day not far away. The delicious menu consisted of Irish stew, greens, radishes, hot brown bread, rolls, butter and jelly, coffee, nuts and plum pudding. The hostesses were Mrs. Steele Finley, Mrs. John McFadden, Mrs. Pressley Thompson, Mrs. M. M. Tidball and Miss Sallie Finley.

The afternoon session was opened by an interesting devotional service on the now-vital subject of "Peace." This was conducted by Miss Minnie Cowan. The remainder of the afternoon was given to the annual election of officers and other business. The following officers were elected:

President—Mrs. J. G. Kennedy. Vice-President—Mrs. M. M. Tidball. Secretary—Mrs. W. H. Stevenson. Treasurer—Mrs. J. T. Raitt. Temperance Secretary—Mrs. T. L. Warren.

Thank Offering Secretary—Mrs. D. L. Anderson. Literature Section—Mrs. C. T. Elsie.

Press Reporter—Mrs. J. L. Warren. It was urged that a large attendance from the society be present at the Federated Missionary Societies which meets March 30 at the First Baptist Church, and Mrs. M. M. Tidball was appointed to represent the society at that meeting.

Delegates to the Presbyterian meeting at Long Beach on April 3 were elected as follows: Mrs. Steele Finley, Mrs. C. T. Elsie; alternates, Mrs. Wm. Smart, Miss Minnie Cowan. The next meeting is to be postponed one week on account of the Long Beach meeting.

Those on the honor roll having attended every meeting the past year are Mrs. J. G. Kennedy, Miss Adda Cowan, Mrs. W. J. Lindsey, Mrs. Steele Finley, Mrs. John McFadden, Mrs. D. E. Kellogg, Miss Rosaline Kellogg, Mrs. J. T. Raitt, Miss Sallie Finley, Mrs. W. H. Stevenson.

With Old Friends Col. and Mrs. T. L. Hill and family had as their guests at 6 o'clock dinner last evening Mr. and Mrs. H. P. Farrar, Miss Pearl Farrar and Mrs. A. D. Prescott of Arkansas City, Kansas, and A. J. Prescott of Tustin.

The table was decorated with a bowl filled with pink and white hyacinths and after the menu had been done full justice, the evening was informally passed with reminiscences.

Several pleasant automobile trips have been taken with the visitors, who are spending the winter here and tomorrow Mr. and Mrs. Farrar and Miss Farrar will motor to Long Beach to spend the day with old friends.

A BUSY SOCIETY

Spurgeon Parent Teacher Association Accomplishes Much For Its School

The Spurgeon Parent-Teacher Association held a very pleasant and well-attended meeting yesterday afternoon in the auditorium. Following the reading of the minutes, the president made a statement in regard to the new chairs in the auditorium, of which the association is justly proud. The treasurer, in her report, said that the association's entertainment had enriched the treasury by \$34. It was decided to give another entertainment the latter part of this month, to consist of a short play, together with Irish songs and readings and a committee appointed to make arrangements.

The association voted to bend its efforts during the remainder of the school year to the beautifying of the auditorium, and committees appointed to investigate various improvements under consideration, their report to be made at the May meeting, as the April meeting was to have the pleasure of listening to a speaker and wished to take as little time as possible with business.

The unanimous wish of the association was expressed, that a note of

Announcing the New Spring Creations in Millinery

Old and new customers will be welcomed to our Opening Display of Spring Millinery.

A very beautiful line of Eastern Pattern Hats, Dress, Street and Sport Hats.

Come see them Saturday. Open until 9:00 p. m.

Rutherford's
408 North Main 1st Nat. Bank Bldg.

thanks be sent Prof. and Mrs. Haynes, who with their orchestra so very kindly furnished music for the Colonial entertainment.

A request from the Congress of Mothers was presented asking the various Parent-Teacher associations to endorse a bill now pending in the Legislature, for compulsory physical training in the schools, the association voting favorably.

Tea and cake were served by some of the young girls and all enjoyed a social hour.

ANNUAL MEETING

Mission Workers First Presbyterian Elect Officers, Hear Good Reports

The Woman's Home and Foreign Missionary Society of the First Presbyterian Church was held yesterday afternoon in the ladies' parlor. Mrs. Herbert Rankin was in charge of the devotionals and impressed upon those present their responsibility as intercessors for the foreign missionaries.

As this was the annual business meeting, reports from the officers were given, which showed a wide-awake activity in all lines of the work.

A postal from Mrs. Welton, written on her return journey to her mission field in Korea, reports her safe arrival in Honolulu after a very rough voyage. Before the report of the nominating committee was given, Mrs. J. A. Stevenson spoke very feelingly of the splendid work done by Mrs. W. W. Anderson as president of the society for several years past; and as she feels that she can not take the office again, a rising vote of thanks was extended to her, together with the Chautauqua salute.

Mrs. R. J. Blee gave the report of the nominating committee, which suggested the following ladies for officers for the ensuing year, and they were unanimously elected:

President—Mrs. E. P. Stafford. First Vice-President—Mrs. Herbert Rankin. Second Vice-President—Mrs. A. M. McDermott.

Recording Secretary—Mrs. W. A. Patterson. Corresponding Secretary—Mrs. P. R. Reynolds.

Treasurer—Mrs. E. B. Smith. Secretary of Literature—Mrs. W. E. Ward.

Assistant Secretary of Literature—Mrs. L. A. Mann. Secretary of "Over Sea and Land"—Mrs. Chas. Baird.

Misses J. A. Stevenson, A. R. Rowley and W. W. Anderson were elected to the executive board.

After the new president, Mrs. E. P. Stafford, took the chair, she was given the Chautauqua salute.

The following ladies were nominated as delegates to the annual Presbyterian, which meets in Pasadena next week: Misses Herbert Rankin, A. M. McDermott, A. R. Rowley, Harry Lewis and the Misses Preble, Drake, Zelma Burge and M. J. Huston; alternates, Misses E. B. Smith, Ella Parker, P. R. Reynolds, R. J. Blee, W. A. Patterson, Paul Stevens and W. S. Yingling.

For Pastor's Wife

The social session of the Unitarian Alliance was held yesterday in the church. After quite a line of business had been disposed of, Mrs. N. A. Baker, wife of the minister, was given a shower of useful articles for use in the home, which showed no small amount of skill in needlework.

The kind thoughtfulness of the ladies was greatly appreciated by Mrs. Baker.

A number of the Alliance members will attend the annual conference, which opens in Redlands on March 11.

At the close of the afternoon, delicious light refreshments were served by Mrs. Peek and Mrs. Eberle, assisted by Mrs. Theodore Watry.

One O'Clock Luncheon

Mrs. C. M. Jordan entertained the bridge club of which she is a member, Tuesday at 1 o'clock luncheon. Sweet-scented blue hyacinths were the table decorations. Covers were laid for twelve.

The afternoon was delightfully whittled away over the card tables.

Blind Entertainment

The second of the social afternoons arranged for the blind under the auspices of the social service headquarters was held Tuesday afternoon at the home of Mrs. Lyman Ellis, who has charge of the program of entertainment. A very pleasant afternoon was passed. The program consisted of whistling solos by Mrs. Ellis, violin selections by Mrs. Jenkins of Los Angeles, member of the Women's Symphony Orchestra of Los Angeles, vocal solos by Miss Flossie Zerman and scripture readings by Rev. W. H. L. Benton of the Church of the Messiah.

The social meetings for the enter-

tainment of the blind of the city will be held every week.

The afflicted are transported to and from their homes through the courtesy of E. M. Nealley and Miss Flossie Zerman.

An Irish Party

The fathers' meeting of the McKinley P. T. A., which will be held tomorrow evening, will take the form of an Irish party, and all the good families of Finnigan, Flannigan, Murphy, et al will be out in force. The committee in charge is anticipating a real good time and most cordially urge every parent and interested friend of this school to go out and enjoy this pleasant evening. Fathers are especially invited.

Refreshments will be served and admission is free, no charge ever being made for these meetings. All are welcome.

Junior College Pageant

What is without question the most spectacular scenic production ever presented by the local talent of this vicinity is being undertaken by the students of the Santa Ana Junior College under the direction of Miss Berdina Henry, as a part of the commencement program of the first graduating class.

This production is to be a pageant-play dramatizing Tennyson's well-known poem, "The Princess," and will be staged in the large quadrangle enclosed by the high school buildings and Walnut street on the evening of May 18.

The front of the administration building, which forms a part of the stage setting, lends itself admirably to the wonderful electric displays being prepared by Mr. Elwing.

Beautiful costumes, artistic dances, combined with sort colorings amid the flowers and trees of the gardens, promise to give a charming and pleasing scenic effect. The music which will be rendered by an orchestra, by choruses and also in vocal solos will be no small part in this splendid production.

The most careful plans are being made by those in charge of the pageant that every detail may be as attractive and pleasing as possible, and they feel assured that the people in and about Santa Ana may look forward to this production in anticipation of a rare treat.

BAD COLDS FROM SUDDEN CHANGES Spring brings all kinds of weather and with it come colds and the revival of winter coughs and hoarseness. Dr. Bell's Pine-Tar-Honey will head off a new cold or stop the old one, the soothing balsam relieves the sore throat and heal the irritated tissues. Get a bottle today and start treatment at once. At your druggist's, 25c. Formula on the bottle.

— Mrs. C. B. Cavins—Corsets and Hair Goods—removed to Smart Shop.

Spring Display of Millinery

In all the new novelties in Sport, Street and Dress Hats—the correct fashions from the Eastern markets. We invite the ladies to call and see the new hat styles.

Mrs. F. B. Wilhelm

509 North Main St.

First door north of Crown Stage Depot.

Personals

Rev. W. H. Wotton of South Pasadena was in Santa Ana yesterday to visit Mr. and Mrs. John Taylor and their daughter and new baby, Mrs. Ernest Stanley, from Arizona.

Mrs. L. J. Stanley and Mrs. O. H. Umberham are spending a few days in Los Angeles with friends.

S. J. Evans, well known resident here, has taken a position in Pasadena with the Rott Furniture Company and will go there the latter part of this week. Mrs. Evans and their sons will remain here until the close of the school term in June. Their many friends will regret to see this estimable family leave Santa Ana.

Mrs. J. P. Hatfield and Mrs. Susie Rutherford passed today in Los Angeles.

Dr. A. W. Phillips, who has been a guest at the home of G. E. Norton for the past six weeks, left today for his home in Seattle. The visitor and Mrs. Norton are brother and sister.

B. D. Barnes, factory representative of the Cleveland Metal Products Company of Cleveland, O., is in the city on business. This is Barnes' first trip into this territory and he is so well pleased with Southern California that he is very much in hope the employing company will forget his address except to send checks covering his salary and expense bill.

WANT TO COME TO SANTA ANA MAKE THEIR HOME

"I have a letter from a relative of mine in Montana who wants some literature on Santa Ana," said P. B. Glover, as he entered the office of Secretary J. C. Metzgar at the Chamber of Commerce this morning. "There are ten members of the family and they all want to come to Santa Ana. I have been sending them reading matter for the past two years and all have the California 'bug.' They do not want to spend another winter in Montana, and I feel sure that we will add ten Montanans to the population of Santa Ana before the snow commences to fall here next winter."

Glover was given a good supply of literature and his missionary work will be completed only when his relatives set their feet on the soil of this city.

Will Form Club Misses Elsie Williams, Katherine Craemer and Nora Lykke met with Miss Elsie Fluor last evening at her home on North Ross street to make plans for the formation of a needlework club.

Social chat and music were enjoyed and Miss Fluor, assisted by her sister, Miss Esther Fluor, served delectable refreshments on a table prettily adorned with daffodils and ferns.

The next meeting will be held with Miss Elsie Williams.

THE WEATHER

Fair tonight and Friday. Light westerly winds.

PROPOSED BILLS TO BE GIVEN GO. BACKING

For the purpose of launching Orange county action looking to the passage of Assembly bills 625 and 621 and Senate bills 426 and 533, which have received the endorsement of the Grammar School Principals' Association of Southern California, the Grammar School Principals' Association of Orange County will hold its regular meeting Saturday at El Modena, according to announcement made by W. P. Read, vice president of the Southern California organization.

Every grammar school principal in the county is urged to attend the meeting.

Communications concerning bills now before the State Legislature will be presented and action probably will be planned.

Closing out wallpaper at Chandler's, 510-516 North Main street.

SCHOOL TRUSTEES' ELECTION

All school districts of the county outside of incorporated cities will hold elections for trustees the first Friday in April. With the exception of Capistrano, one trustee will be elected in each district. The election of two at Capistrano becomes necessary through the expiration of the term of Luigi Daneri and the resignation of John Combs.

CRONKITE "CONCRETE"

BOYES SPRINGS, Cal., Mar. 8.—When Preston Cronkite, an Oak recruit, appeared in uniform, the scribes immediately changed his name to "Concrete."

IN THE JUSTICE COURT

CONSIGNMENTS ORANGE SEED SHORT IN MEASURE

County Sealer of Weights and Measures Swears to Complaint Against Seed Man

County Sealer of Weights and Measures McPhee would give a "pretty" to know just how many bushels of orange seed Theo. Payne, Los Angeles seed man, has sold in this county. If he had that information he could figure out just how many dollars more Payne has collected than he should have if there was as much shortage in every bushel as McPhee found today in bushel consignments to Haster Bros. of West Orange and E. W. Campbell of Orange.

McPhee today swore to a complaint against Payne, charging short measure. Payne will be advised by letter of the complaint and will be given opportunity to appear in court without

being served with a warrant of arrest by an officer.

McPhee found a shortage in each of the consignments amounting to \$8.50 on the present price of seeds. In the absence of more definite information, McPhee does not know whether the seed was packed and shipped from the Los Angeles house or whether it was forwarded in an original package.

Judgment for \$200

Justice Cox today awarded A. W. Brown a judgment of \$200 against W. L. Walton. The action was brought by Brown to collect that amount due on a farm lease contract. The costs are also charged up to the defendant.

ENGLAND RETURNS TO WOODEN SHOES

LONDON, Mar. 8. (By Mail)—England, faced with an acute leather shortage, is adopting wooden shoes, commonly known in the Netherlands as clogs.

This situation, which before the war would have been hooted by John Bull, today is faced calmly. Measures have been taken toward the development of the already established business of making clogs.

To quote the Textile Mercury, of Manchester on the subject:

Hundreds of London school children are now wearing clogs, which cost about 3 shillings a pair (73 cents) and London County Council school-

teachers have been providing clogs for ill-shod pupils, who have been paying for them in weekly installments of three pence.

The price of leather, states a writer in the paper mentioned, suggests that the city man of the future will clatter to business in his clogs. "For country wear one can buy an elegant pair of lace-up clogs at a quarter the price of equally efficient boots." Apart from the attention that they would attract, there is no reason why these should

not be worn in "town." There is nothing undignified in the clog worn by the Lancashire or Yorkshire textile worker. Not a few of the captains of the textile industry have worn clogs, and some at least would not be ashamed to wear them again.

The present home demand is so great that an order for 100,000 pair of clogs for the Belgian government has just had to be declined by a British clog-making firm.

BOARD OF SUPERVISORS

WEST CHAPMAN BRIDGE OPENED BY THE COUNTY

Structure Is Accepted From Contractor Kellogg and Is Now In Use

On the report of County Surveyor McBride, the Board of Supervisors yesterday accepted the West Chapman street bridge, across the Santa Ana river, as completed, and this morning the bridge was thrown open for use by the public. The bridge was built by H. Clay Kellogg of Santa Ana.

Licenses Given

Fumigator's licenses were granted to N. O. Mellott, Harper; J. D. Stuedthoff and Wm. Montgomery, Anaheim; Mann & Moorhead, Whittier; C. E. Douglas, Anaheim; Frank Knight.

Are to Oil Road

An order was given for oiling the coast road from Huntington Beach to Seal Beach. The county is to fence the right of way.

Dixie Highway

A resolution was passed establishing the state highway through this county as a part of the Dixie Highway. This resolution was passed at the request of an association that is fostering a coast to coast highway.

The bid of the Palmer Motor Co. for the purchase of some motors from the county was accepted.

A petition for lessening the width of Lemon street north of Anaheim was denied.

Opposition having developed, action upon the petition of J. B. Stephenson and others for abandoning streets at El Toro was continued to April 4.

MILWAUKEE SHOWS PERFECT APOLLO

MILWAUKEE, Mar. 5.—And now comes the "perfect man." Much has been heard of the "perfect thirty-six" as regards the fair sex, but it remained for Milwaukee to produce the first specimen of perfect manhood as a standard of perfection for others of his sex.

Alfred R. Liedtke, 20 years old, No. 180 Keefe avenue, is the possessor of the physique perfect. His claims to physical perfection are not made by himself, for he is rather backward about things of so personal a nature.

But C. S. Minter, physical director for the Y. M. C. A., is authority for the declaration that the masculine "perfect thirty-six" is personified by the Keefe avenue youth.

These are the measurements of the "Apollo": Height, 5 feet 10 inches; weight, 170 pounds; chest, normal, 34; expanded, 38 inches; thigh, 22 inches; calf, 15 inches; biceps, 13 1/2 inches; forearm, 12 inches; neck, 16 inches, and waist, 31 inches.

REGISTER NEWS BOYS WILL BE GUESTS OF COLE BROS.' CIRCUS

A large assortment of Street and Dress Hats from \$4.95 to \$8.00

Sport Hats

Snappy models in Silk Braids and all the popular shades, at \$3.95 to \$6.00

Gilbert's INC
110 W. FOURTH ST.
SANTA ANA, CALIF.

SANTA ANA, CALIFORNIA, THURSDAY EVENING, MARCH 8, 1917.

REAL 'SPUD' KING IS GUEST OF HIS BROTHER IN SANTA ANA

Eugene H. Grubb, World's Foremost Potato Expert, Visiting W. L. Grubb

A real potato king is being entertained in Santa Ana.

He is Eugene H. Grubb, who claims both California and Colorado as his home states, and he is here upon a visit to his brother, W. L. Grubb, former city councilman, of North Main street. The visitor is accompanied by his wife and his sister, Mrs. A. L. Seebree, of Carbondale, Colo. The Grubbs and sister are cousins of Admiral Seebree.

E. H. Grubb is generally recognized as the foremost potato expert of the world, and he has been brought to the Coast primarily to give instructions in the culture of the tuber and this afternoon is giving a public demonstration on potato planting and soil preparation on a vacant lot near the high school in Pasadena.

Raised 40 Carloads Potatoes
 Grubb raised about forty carloads of potatoes at Carbondale this year and only recently sold his last carload at \$4.35 per hundred, f.o.b. Carbondale. At this price the potatoes here would cost between \$5.15 and \$5.20.

He also has a farm at Princeton, Cal., and divides his time between Princeton and Carbondale.

Some eight years ago he was sent

to England and Germany by the U. S. Government to investigate potato culture in those countries with a view to getting information that would be of value to growers in this country. He has frequently been called upon by this and foreign governments to solve problems of culture, disease and general potato development.

He is connected with the agricultural department of the Southern Pacific Company, and has been brought here by that company to help solve some of the vital problems in connection with food production.

The potato expert was in consultation with Mayor Woodman about practical methods of reducing the high cost of living. He is quoted by a Los Angeles paper as follows:

Why Potatoes Are High

"The persons who are making a great fuss about the potato shortage at this time have never for a moment looked for the real causes. The crop in the United States this year was in round numbers 100,000,000 bushels short of the crop the year previous," said Mr. Grubb.

"Add to this the fact that the workmen have been prospering amazingly during the past year and have bought more heavily of potatoes and all other living commodities than for a number of years past. This would help make an acute situation such as we now have. The potato crop would allow only for one and one-half bushels of potatoes for the year for every inhabitant of the nation. This is exclusive of the 60,000,000 bushels which had to be conserved for seed purposes, and whose presence in storage houses is causing much adverse comment against dealers.

"A speculator who would hold onto potatoes at any such figures as they have sold for during the past two or three months would be foolish and could not even be classed with speculators, but would have to be placed among the dunces.

If Used Heads, No Riots

"If our people would only use their heads at a time like this there would be no riots and upheavals. There are so many substitutes for potatoes. A pound of corn at 2 to 3 cents, made into hominy at practically no cost save a little work, will provide as much nourishment as 20 cents worth of potatoes. Rice, beans, other food products are excellent substitutes for the lowly tuber, and cost less than a fifth of what potatoes are valued."

"The Potato" is the name of a world-famous book written by Mr. Grubb, on which William S. Gilford collaborated. His devotion to one line has made him famous wherever a "spud" has ever been commercially produced.

MUCH EXTRA WORK IN MARCH
 It's between seasons now, when few persons perspire as much as health demands. The result is double work for the kidneys, for the kidneys must throw out waste matter from the system that is eliminated through the pores when persons perspire. Overworked, weak or disordered kidneys need help now. B. H. Stone, Reading, Pa., writes: "Whenever I need a kidney remedy I rely on Foley Kidney Pills. They have been worth their weight in gold to me." Rowley Drug Co.

SIGNS WITH JOPLIN

FULLERTON, Mar. 8.—Billy Daniels, fast outfielder, who has been playing with Fullerton this winter, has been signed by the Joplin, Mo., club in the Western League. He will report the latter part of this month. Daniels, who is a streak on bases and a consistent hitter, has been playing classy ball here this winter.

I HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says a glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse, sweeten and freshen the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

LIME FERTILIZER

What most land needs and we can sell it so cheap you can afford to put it on. Carload or less. We carry all kinds of lime for spraying, chickens, etc. Call us day or night.

Santa Ana Building-Material Co.

308 E. Fourth. Sunset 911-W.

NEW FEATURE IS TO BE ADDED TO PLACENTIA CANNERY

Concentrated Tomato Products to Be Manufactured During Coming Season

With new machinery costing between \$10,000 and \$12,000 to be installed before the opening of the season, the Placentia Canning Company will place its cannery in the forefront as introducing a product not now made in Southern California.

The new equipment is for making concentrated tomato products. The cannery will enter the market with two products that will bring it fame and wealth—Tomato Puree and Tomato Paste. Machinery for this grade of edibles has been installed in factories in the northern part of the state, the Placentia cannery being the first in Southern California to take up this class of manufacture.

J. L. Stevenson, manager of the cannery, was in the city today making an investigation as to acreage that might be obtained in this immediate vicinity for tomatoes for the plant. J. R. Kaine, Jr., will probably be appointed to handle the local business if any is developed.

TUSTIN

NEIGHBORS SPRING A SURPRISE PARTY

Social Gathering Marks Two Birthday Anniversaries At Tustin

TUSTIN, March 8.—Mr. and Mrs. Thomas Crawford were completely surprised on Monday night when a company of neighbors and friends came in a body to spend the evening with them and celebrate the birthday of each of them. Mrs. Crawford's birthday occurred on Friday and Mr. Crawford's on Saturday. After the first surprise was over the party was in quite a merry mood and several original games kept up the good work of enjoyment. A beautiful birthday cake trimmed in yellow was produced. Delicious cake, sandwiches and cocoa were served. The party comprised Mr. and Mrs. L. A. Cock, Mr. and Mrs. Lehman, Mr. and Mrs. Deitrich, Mr. and Mrs. J. A. Fuller, Mr. and Mrs. E. W. Crawford, Mr. and Mrs. J. E. Ward, Mr. and Mrs. Ware, Mr. and Mrs. Frank Crawford and Mrs. Elizabeth McCosh.

SOCIAL DANCE

Invitations are out for another social dance at Tustin K. P. Hall on Friday night given by the young married people.

LADIES' AID SOCIETY

The members of the Ladies' Aid Society of the Tustin Presbyterian church held their monthly business meeting last Friday afternoon at the home of Mrs. W. L. Leiby.

The new officers took charge of the work and the first matter to come before the meeting was the matter of making arrangements for the annual church supper to be held some time in the first week of April, the exact date to be determined upon later.

This church family supper will be given in connection with the annual report meeting, when reports of all the activities of the church will be given.

At the close of the business meeting an informal social time was very much enjoyed.

Delicious refreshments were served by the hostess. They were varieties of home-made cake, sandwiches, olives and coffee.

DR. GEO. LA MONTE COLE

On Friday evening, March 9, at 8 p. m., Dr. Geo. La Monte Cole will give a lecture on "The Wonders of the Homelander."

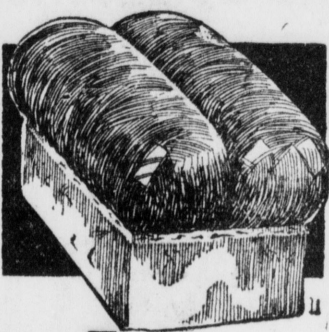

Dr. Cole, for about seventeen years has been an enthusiastic student of the Cliff Dwellers, the Indians of the terraced houses and the wonders and charm of the desert. By means of stereoscopic pictures, he takes his hearers on a journey to study the remarkable ruins, monuments, abodes and treasure houses of an unknown people. Dr. Cole is a man of fine literary taste and is a pleasing speaker. There will be a small charge, the proceeds to be used on the deficit of the lyceum course.

MOTORED TO LOS ANGELES

Six Tustin women representing the Tustin Presbyterian Ladies' Aid Society had an exceedingly enjoyable trip to Los Angeles with Mr. and Mrs. W. L. Leiby in their Studebaker on Tuesday to attend the Federation of Ladies' Aid Societies held at the Immanuel Presbyterian church on Tenth and Figueroa streets.

Starting in the morning of the beautiful day, the trip to the city was immensely enjoyed. After a noon-day repast the session of the Federation was attended in the afternoon.

Dr. John D. Marquis, moderator of

We Don't Make Much on "Honeysuckle" Bread---But We Sell a Lot of It

The only reason we can sell delicious "Honeysuckle" Bread at 8 cents a loaf is because we bake it in large quantities daily.

Then there is another big, very big, item on which we save—that of overhead expense. Our bake shop, located on West Eighteenth street, is away from the high rent district.

Try "Honeysuckle" for one week. Or try our new Flat Cottage Milk Loaf, at 10c. No bread like this Cottage Milk Loaf anywhere. It simply melts in your mouth.

At Your Grocer's

Patronize a growing home industry by buying Crane's "Honeysuckle" and "Crane's Pure Milk Loaf." BAKED IN SANTA ANA.

RUB YOUR EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$90.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, ¼ mile from high school.

30 acres, ½ in alfalfa, ½ in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Ask me for further information about property here.

ILLINOIS PICNIC
 The Illinois Society of Los Angeles will have an all-day picnic reunion in Eastlake Park, Los Angeles, Saturday, March 10, 1917. If rainy that date it will be held Saturday the 17th, same place.

PAPE'S DIAPEPSIN
 FOR INDIGESTION OR SOUR, ACID STOMACH

In Five Minutes! No Dyspepsia, Heartburn or Any Stomach Misery

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that give it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.—Advertisement.

"Trade at Home"

Are You Loyal To Your Home Town?

Read These Questions—Answer Them Honestly—and Decide for Yourself Whether or Not You Are Doing Everything You Can For the Community In Which You Live

Are you a loyal citizen of your town?

Are you doing all that can be reasonably expected of you to make Santa Ana a bigger and better city?

Are you doing your full duty to your business associates and fellow citizens generally?

Ask those questions of the average citizen you meet and you will in all probability receive a most emphatic affirmative answer. But pursue the subject further. Ask any one of the number of people who have acquired the habit of trading out of town and the chances are that in many cases the answer will be less positive. To these people add the following questions:

Are you patronizing home merchants and home industries?

Are you spending your money in the community in which you make it and in which you live?

Are you by your patronage helping to make the home stores all that the proprietors, as well as the community at large, would like them to be?

Are you not helping to boost and boom some other city by spending there the money you make either as a wage-earner or property-owner in Santa Ana?

Just ponder a moment on these questions and you cannot help but realize that every dollar you spend elsewhere is just that much taken from the volume of business of Santa Ana merchants, and retards to just that extent the development and expansion of local enterprises, AND EVERY TIME YOU RETARD THE ADVANCEMENT OF AN ENTERPRISE IN YOUR HOME CITY, YOU ALSO RETARD YOUR OWN SUCCESS AND PROSPERITY AS A RESIDENT OF THAT CITY.

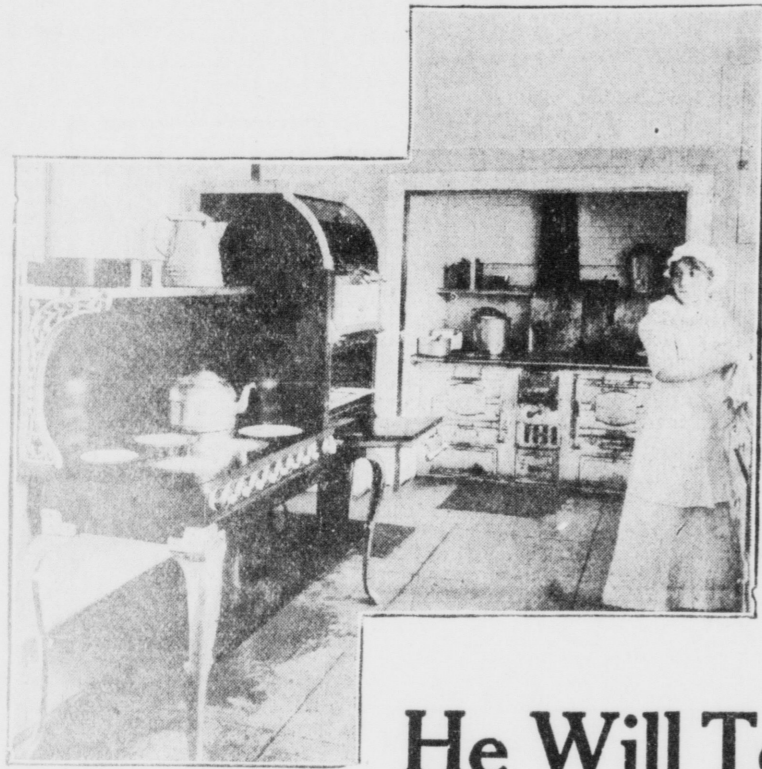

Ever think about it before in just that way? It's a fact, isn't it?

The next time you plan on carrying your money to a neighboring city to spend, or on sending in to a far-away mail-order house, think of Santa Ana---your own home town---and remember the duty you owe to this city. Consider thoughtfully your duty to the community in which you live, and then leave that money right here at home where it was earned and rightfully belongs.

The art of buying advantageously, no matter whether it is a pair of shoestrings, an automobile or any of the wide range of articles between, is acquired only by experience united with clear insight and common sense. In purchasing any article the buyer should ask himself or herself these questions: Is it a reliable article of standard make? Is it an imitation or the genuine? And, most important, Is the man from whom it is bought honest? What is his reputation for square dealing? How well do I know him? Will he make good my purchase in case it should prove to be defective?

When you can choose between buying from a stranger and some one you are acquainted with, surely it is vastly more prudent to buy from the latter.

SEEKING FUNDS FOR HALL AT WINTERSBURG

Work of Soliciting Is Left to
Two Sunday School
Classes

WINTERSBURG, March 7.—The school hall building committee held a meeting at the parsonage Monday evening. Plans for the hall were discussed, and ways and means considered for raising the necessary funds. The committee finally decided to leave the soliciting in the territory not yet canvassed to two Sunday school classes, the young men's class, Mrs. W. B. Slater, teacher; and the young ladies' class, taught by Miss Ruth Jordan.

The literary program at the Ocean view school by the Hustlers, will not begin this week, but is postponed to

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking laxatives, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

Friday, March 16. The epidemic of measles has taken so many out of school that the postponement seemed necessary.

Mrs. Hugh Atkins of Brawley, arrived Friday morning for a week-end visit with her parents and to accompany them to the Imperial Valley. The three, Mrs. Atkins, Mr. and Mrs. D. F. Sharratt, left Sunday morning, the latter to remain at Brawley for an indefinite time, visiting among relatives.

Mr. and Mrs. Will Gerhart made an auto trip to San Jacinto to visit the former's mother.

John Shutt, Jr., drove to Seal Beach Saturday evening to meet E. G. Radford, who came from Los Alamitos to spend the week-end.

Mr. and Mrs. O. J. Gerhart of Covina were Saturday and Sunday guests at the home of their aunt, Mrs. George Gerhart.

Mr. and Mrs. L. L. Letson drove to the city Sunday, their son, James, returning home with them.

Mrs. S. R. Chrisman of Parsons, Kan., is visiting Mr. and Mrs. George Crane and family, expecting to remain a couple of weeks. Mrs. Chrisman and George Crane are cousins.

D. S. Jordan of Redlands, drove over from Fullerton Sunday to visit his daughter, Miss Ruth Jordan, one of the Ocean view teachers.

Miss Mary Philpot, who has been the house guest of Mrs. G. M. Robinson the past week, returned to her home in Long Beach Saturday morning.

Mr. and Mrs. Henry Williams of Gridley, Cal., and Mrs. Hannah Dwyer of Santa Ana, former residents of Manly, Iowa, were dinner guests of Mr. and Mrs. D. F. Sharratt on Thursday.

Miss Marie Frenger has entered the high school at Fullerton.

Little Gwendolyn Haptonstall underwent an operation Sunday afternoon, when adenoids, and also diseased tonsils were removed by a specialist from Los Angeles.

Mrs. S. A. Gardner is recovering from a sudden and serious illness.

Mrs. B. A. Farrar is visiting a friend in Los Angeles, Mrs. S. L. Baldwin, and will remain for the week-end.

Saturday evening Mrs. O. N. Olsen returned from Covina, where she visited her mother and sister. They all attended the Iowa picnic at Eastlake Park, where they met a number of old friends from Cedar and Linn counties.

LITTLE GIRL HAD CROUP

—Every mother knows and fears croup. Mrs. R. M. Raney, R. P. D. 2, Stanford, Ky., writes: "My little girl had been having croup every few nights. I began to give her a few drops of Foley's Honey and Tar Compound every two or three hours, and that night she slept well, never coughed any, and the next day her cold was gone. To all my friends I am saying, 'Get a bottle of Foley's Honey and Tar for la grippe, coughs, colds and croup. A genuine cure.'" Rowley Drug Co.

GARDEN GROVE

**REPORT SHOWS
P. T. A. NETTED
\$38 FEB. 23RD**

"Patriotism" Is Subject of
Address By Rev. Reinus
of M. E. Church

GARDEN GROVE, March 7.—The Parent-Teacher Association met in regular session yesterday afternoon at 3 o'clock in the school house auditorium. A report from the entertainment committee that had charge of the affair on February 23 was given, showing the net proceeds to be \$38. A committee was appointed by the president, Mrs. F. Herbert Cloyes, to choose one item of playground equipment suitable and present it to the school. Four little Japanese girls from the fourth grade, of which Miss Archer is teacher, gave some of the Japanese dances in costume singing their own music. The number was unusually interesting. Rev. Reinus, of the

Rheumatism attacks the "outside" man. Pains and aches stiffen his joints and muscles and reduces his efficiency. At the first twinge get Sloan's Liniment, easy to apply, it penetrates without rubbing and soothes the soreness.

After that long drive or tedious wait in the cold rain apply Sloan's Liniment to those stiff fingers, aching wrists and arms.

For gout, neuralgia, toothache, bruises, sprains, cold feet, it is promptly effective.

At all druggists, 25c, 50c. and \$1.00.

Sloan's Liniment
KILLS PAIN

M. E. church, gave a most pleasing address on "Patriotism." The P. T. A. has been requested to give another entertainment, but as yet has not decided to do so.

Members of the Sunday morning congregation of the M. E. church were treated to a most interesting address on "Home Missions." The speaker, from Los Angeles, was introduced by the president of the local society, Mrs. S. R. Fitz.

Mrs. Fred Kurtz attended the funeral of Mrs. Wm. Sprout at Norwalk, Tuesday.

Warren A. Wheeler and family, Earl Butler and family, John Jentges and family and E. Baum and family comprised a happy picnic party at Orange County Park Sunday. A trophy of the trip was a big rattler.

The infant daughter of Mr. and Mrs. H. G. Houghton, who has been quite ill, is reported out of danger.

Mr. and Mrs. Nelson Cook and J. Fry and family motored to San Bernardino Sunday, returning via Alta dena, Glendora and Whittier.

Mr. and Mrs. C. B. Scott were joined by Pomona friends Sunday and together spent the day at Laguna.

Geo. R. Reyburn is enjoying motoring in his new "Henry Ford."

Mrs. Frank A. Mills and Mrs. Warren A. Wheeler spent Monday in Los Angeles.

Mr. and Mrs. Geo. R. Reyburn went to Hollywood Friday and spent a few days visiting at the home of Mr. and Mrs. Arthur Carter. Reyburn returned Monday and Mrs. Reyburn remained until Wednesday.

Mr. and Mrs. H. G. Houghton spent Sunday at the home of Mr. and Mrs. W. J. Burton in Los Angeles. Mr. and Mrs. Burton are rejoicing over the arrival of a son. Mrs. Houghton and Mrs. Burton are sisters and Mrs. Burton made many friends while she lived in Garden Grove as Miss Fern Nimmo.

E. J. Gurney, accompanied by his grandmother, Mrs. E. Nichols of Los Angeles, and his uncle, E. C. Root of Alberta, were on a pleasure trip through Orange county Tuesday. Mr. Root spent his early manhood days in Michigan, later moving to Alberta.

"Orange county beats any country I ever saw," said he. "Why, you can just ride and ride and there is no end to its beauty."

Mrs. Chas. Evans visited relatives in Los Angeles from Friday until Monday, and while there enjoyed the magnificent display of the merchants in their mid-year fashion show.

Miss Gerna Nimmo spent Sunday with her parents at Orange County Park.

Miss Vada Swall is spending a few weeks with her sister, Mrs. K. M. Coplin.

SLOAN'S LINIMENT FOR RHEUMATISM

The torture of rheumatism, the pains and aches that make life unbearable are relieved by Sloan's Liniment. A clean, clear liquid that is easy to apply and more effective than many plaster or ointments because it penetrates quickly without rubbing. For the many pains and aches following exposure, strains, sprains and muscle soreness, Sloan's Liniment is promptly effective. Always have a bottle handy for gout, lumbago, toothache, backache, stiff neck and all external pains. At druggists, 25c.

MAN SUSPECTED OF AUTO THEFT

Sale of Machine In El Toro
For \$100 Results In Immediate Arrest

Another man suspected of auto stealing has been landed in jail by Deputy Sheriff A. K. Cravath. Yesterday a man who gives his name as Roy Baldwin and who says he comes from most everywhere, sold a machine at El Toro for \$100, was arrested. Last week C. W. Groseman was taken up as a suspect.

Yesterday afternoon Baldwin appeared at El Toro and offered to sell the machine for \$100 to a rancher, Skinner. Saying he wanted to see if he could get the money at the bank, Skinner went to the nearest telephone, from where he phoned to the sheriff's office. Cravath sent word back to hold the man as long as possible, and he would get there as quickly as he could.

Cravath and Theodore Lacy, Sr., drove rapidly to El Toro, but the man had been so impatient that Skinner finished the deal with him, knowing he could get his money back if the sale proved bogus.

The man was walking toward Santa Ana when the deputies arrived. At James Triplett's blacksmith shop, the deputies were told that Baldwin had a revolver on him.

Returning, the officers gave the man a ride, and it was not until he was in the machine and had gone for some distance that the officers told him that they wanted him.

Baldwin acted foolishly, and when questioned said he was once in an insane asylum.

The car number is registered as that of C. H. Gilman, Pasadena.

LEGISLATIVE WHEELS GRIND SO. S. F. MAN WILL GET WAGE RAISE

SACRAMENTO, Mar. 8.—It will require the whole machinery of the Legislature to give Jerry Collins of San Francisco an increase in salary of \$50 a month. The bill through which Jerry will get the raise is entitled "An act to amend section 86 of the Code of Civil Procedure of the State of California relating to justices' clerks and appointees." Sunny Jim Ryan, who introduced the bill asserts the whole object is to give Jerry a raise and the Assembly having passed it upon being informed by Assemblyman Ryan that "It is a meritorious measure and Jerry is deserving of the raise," the Senate will undoubtedly concur. Collins is a chief deputy clerk in one of the San Francisco justice courts.
